

CURVARE

Design by: David Gutgsell

CURVARE. IT RUNS CIRCLES AROUND OTHER OCCASIONAL TABLES.

Both Curvare's name and design evoke images of curvilinear and modernist forms. Its exceptionally thick glass frames a base that is nothing short of sculptural. Think jewel under glass. These occasional tables are the perfect addition for everything from the executive wing to student lounges, nightclubs or hotels.

SHAPES

Various shapes (square, oval, rectangular or round); different top options (frosted or clear); and 3/4" glass make each Curvare unique.

CURVES

Its elegant steel curves form a pattern reminiscent of architectural forms and create an iconic image.

HEIGHTS

Curvare is available in multiple heights; making it the height of elegance.

CURVARE

AESTHETIC Curvilinear and modernist forms. The modern design of the curved frame integrates into any interior setting. **OPTIONS** Available in multiple shapes and various heights with two styles of glass, creating numerous options. **FRAME** Available in all Versteel standard powder coat finishes as well as nickel and chrome. **TOP** Heavy-duty, low iron, tempered glass for safety and durability. Choose from round, oval, square or rectangular tops.
