Sophisticated and architectural

Curvare's modern design, characterized by the sleek frame, adds a touch of sophistication to any room. The blend of materials and shapes results in a table that is not only a piece of furniture but a statement of style. Curvare is available in multiple shapes and various heights, with two distinct styles of glass, offering numerous options to suit your specific needs and preferences.

Curvare is a testament to the beauty of modern design and curvilinear forms. The frosted or clear tempered glass provides a striking contrast to its sculptural base. Iconic and elegant, Curvare is the perfect addition to executive suites and lounges.
