

Performance

Training, Meeting + Dining

TESTS  
EVERY

Smart solutions to  
get work done.

Customizable: adapt your space.  
Configurable: link tables and power.  
Chargable: plug-in or go wireless.

The quintessential multi-purpose table.

Tables that perform. Made with American craftsmanship, Performance has the style and durability to withstand high-use environments. Adjust, link, fold, tilt, roll or nest - whatever your space needs. Choose from multiple top shapes, table heights, base styles, functional options and finishes.

Want a height adjustable table that tilts? See the Performance option in the Sky series.

For the vast array of configurations and all specification data visit [Versteel online](http://Versteel.com).
