OH! has taken modular seating beyond expectations by allowing a generous personal space to accommodate individual sitting styles and creating personal space that can be approached from any direction. Inspired by the simplest of shapes, OH! combines comfort and class, with function and fun. Standard OH! configurations include L, T, Y and Y as well as unlimited numbers of runs and countless archs and serpentine. Utilizing basic components (a single leg, seat, back and connector) of polished, cast aluminum. OH! is simplistic in its approach to modularity.

Designed exclusively for Versteel by Roberto Lucci.

SPECIFICATIONS

- Leg, back support and jumper are one piece cast aluminum, polished to a high-gloss sheen
- Seats are machined 1" plywood with a multi-layered construction high density polyurethane foam cushion
- Backs are molded .75" plywood with a multi-layered construction high density polyurethane foam cushion
- Seats and backs top stitched with single side seams

FEATURES

- No contact between upholstered surfaces makes OH! easy to clean and more hygienic
- Generous seats for multiple sitting styles and body shapes
- Modular construction for multiple configurations
- Unlimited configuration options
- Under mount power option available
- Integrated wire management across jumper
