Maker adjustable height tables are as diverse as the space they are used in. Encourage flexible collaboration and sit-stand benefits with three adjustable height options for the Maker Utility table: motorized, crank or pin height. Celebrate the inherent qualities of fabrication with butcher block tops and the Versteel Studio Steel® process.

Part of The Maker Project by Versteel, an urban series which includes tables, seating and accessories.

MOTORIZED ADJUSTABLE HEIGHT SPECIFICATIONS

- Available on tables with casters or glides
- Tables adjust electrically from 30” to 42” table height
- Option code BAMMKU

CRANK HEIGHT SPECIFICATIONS

- Available on tables with casters or glides
- Tables adjust from 30” to 42” table height
- Option code BAKMKU

PIN HEIGHT SPECIFICATIONS

- Available on tables with casters or glides
- Tables adjust from 30” to 42” table height in 2” increments
- Option code BAPMKU

TABLE SIZE AVAILABILITY

- Available on tables 24” to 48” in width and 48” to 96” in length

FINISHES

- All Versteel powder coats (clear and transparents recommended)
- Clear Matte or Clear Gloss (alternate wood finishes available, upcharge applies)

* Standard height for Maker Utility tables is 29”

PRODUCT TESTING STANDARDS

Versteel products are designed to exceed all applicable ANSI/BIFMA standards for safety and performance.
