

Maker
Utility

THE
BEST
WE

The Maker Project combines robust construction, simple aesthetics and handmade impressions to provide the utmost in utility and function. Available in occasional, work, counter and stand-up heights with heavy-duty casters or glides, the table is the center of a series which includes work tables, occasional tables, seating, lighting, and accessories. The Maker Project products are standard with Versteel's trademarked Studio Steel® process, which reveals the telltale signs of fabrication and individualized craftsmanship.

Designed by The Versteel Design Team.
