

A photograph of two modern stools. The stools have a light-colored, multi-layered wooden seat and a black, tapered leg. The seat is upholstered in a fabric with a complex, geometric pattern in shades of blue, grey, and white. The background is a neutral, light-colored wall.

VERSTEE

Troupe Seating is authentically beautiful with a compelling contrast of modern elegance and natural elements. The soft curves of the formed, tapered steel legs complement the Birch ply seat with exposed, rounded edge. Stools are available in three heights, and benches in three lengths, each with or without an upholstered seat.

Designed exclusively for Versteel by Qdesign.
