

Companion

Guest + Stool Seating

EVEREST

No matter the space -  
Companion fits right in.

Corporate  
Education  
Healthcare  
Hospitality

Make a statement.  
Then reinvent it.

Smart seating meets flexible design

Stylish and stackable.  
Effortlessly versatile.

Stronger by design.  
Cleaner by nature.  
Endlessly adaptable.

Companion is an easygoing solution for classrooms, training spaces, and anywhere ideas are in motion. Keep up with learners of all ages with adult and youth sizes, tablet arms, and casters. Brighten the space with a variety of upholstery and finish colors.

With a wide selection of specification and material choices, Companion invites customization while maintaining a cohesive aesthetic for public and learning spaces. Backs and seats may be specified in upholstery, wood, or a combination of both. Aluminum is available on armless chairs and stools.

**Chairs**

Radius or flared backs. Arms or armless. Wood, upholstered, or urethane armcaps. Casters or glides.

**Stools**

Radius or flared backs. Arms or armless. Wood, upholstered, or urethane armcaps. Height 24" or 29".

**Bariatric**

Radius or flared backs. Fully upholstered. Urethane or upholstered armcaps. Width 26", 30", or 42".

**Youth**

Radius or flared backs. Armless. Casters or glides. Proportionally sized for smaller learners.

**Tablet Arm**

Radius or flared backs. Flip-up or retractable tablet arm. Left or right. Casters or glides.

Companion is stylish and dependable with radius or flared backs and with or without arms. Accommodate any public space with youth and adult chairs, stools, and bariatric seating. Customize with casters, armcaps, and various material combinations for a personalized touch.
