A special note from

Scott Schwinghammer

President + CEO

At Versteel, we believe how a product is made is just as important as the product itself. It's an accumulation of the care, intention, and expertise that goes into building it. That's why we manufacture our furniture in Southern Indiana, where we have full visibility into every step of the process. From American steel to local supply chains, we rely on trusted materials and an exceptional team to deliver lasting quality.

When I spend time in our facilities, I'm reminded of what really sets Versteel apart: It's the people. The welders with a practiced eye, the builders who fine-tune every joint, the powder coaters who finish each piece with precision. These are the individuals who bring our products to life. Their skill, pride, and attention to detail are behind everything we make.

Yes, we're proud of our versatility, our integrity, and our design. More than anything, though, we're proud of our people. They carry forward our values and ensure that every product that leaves our doors is built to serve, built to last.

Thank you for supporting American manufacturing, and for trusting in the people who bring our furniture to life every day.

Our People are our Heart and Soul.

Prices
All prices are list price, effective with date printed on cover, and supersedes all other published price lists. Orders within the 48 contiguous United States will be assessed a freight charge based on a percentage of the total list price, or a flat rate of $300, whichever is greater. A minimum charge of $400 will apply to all shipments to Canada. Fees will be calculated using the zone map located on page 551. Normal delivery is on a dock-to-dock basis. Additional charges may apply on special requests noted on the customer's purchase order such as inside delivery, "call before," etc. Versteel reserves the right to change prices, shipping fees, or specifications without prior notice. Orders are accepted subject to price prevailing at time of shipment.

Acknowledgement
Orders are accepted, manufactured, and invoiced in accordance with the acknowledgement. Notify Versteel immediately of any discrepancies. Acknowledged orders may not be cancelled or modified without written consent from Versteel.

Orders
All orders must be received in writing, accompanied by final material and finish specifications for order entry.

Contact Versteel

Email	contact@versteel.com
Telephone	800 876 2120
	812 634 2120

Mailing Address
Versteel
2332 Cathy Lane
Jasper, IN 47546

Telephone orders must be confirmed in writing within 24 hours, marked "Confirmation." Duplicate orders not marked "Confirmation" are the responsibility of the customer.

Credit
You are requested to enclose one bank reference and three trade references with your initial order.

Credit Cards
Versteel accepts Mastercard, Visa & AMEX credit card payment for invoiced sales. Credit card information must be presented along with the Sales Order (with a signed Credit Card Authorization Form attached). There is no cash discount extended to credit card orders. Credit cards will be charged at time of shipment. A processing fee will be applied for all credit card purchases. Processing fee will not be applied to GSA or contract orders. Versteel will not accept credit cards for payment of account balances. Credit card payment will not be accepted on orders over $30,000.00.

Changes or Cancellation
Any change or cancellation to an order must be submitted in writing and confirmed by Versteel Customer Service before the change or cancellation is effective. Due to short lead times, any change or cancellation may result in charges if materials have entered the production process.

Shipping Schedule

All Seating	4-5 WEEKS

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

Shipping

Normal delivery is on a dock-to-dock basis, F.O.B. Versteel's factory in Jasper, Indiana. Special requests such as inside delivery, "call before," etc. should be noted on the customer's purchase order and are subject to additional charges. See freight program on page 551 for shipping charges.

Catwalk, Chela, Companion, Elly, Immix, Kompis, Nerita, Ollie, Quanta, Quanta Max, Rai, Rollic, Sate, SIMON, Socius, The Maker Project, Thea, Troupe, Zayn and Zuri chairs/stools ship fully assembled. Companion Tablet Arm chairs require mounting of the tablet surface to the frame. Chela Beam, OH!, and Quanta Max Beam require assembly.

Orders shipping outside of the contiguous 48 United States will have shipping quoted as a separate item.

FOB Origin, Freight Prepaid

Versteel
2332 Cathy Lane
Jasper, IN 47546

Shipping Damage Claims or Shortages

Legal title of merchandise passes to the buyer upon acceptance of the carrier. All cartons must be carefully inspected upon delivery. Visibly damaged product should not be accepted from the carrier until the damage is noted on delivery receipt. Versteel will not accept responsibility if the delivery receipt is signed as "clear". Retain any damaged goods and take photos for claim filing purposes. Details of visible damage should be noted on the delivery receipt. Shortages must be noted on the bill of lading prior to accepting the shipment.

Concealed Damage

If concealed damage is discovered, the receiver must notify the freight carrier within 5 business days from receipt of the product(s). For claim consideration the receiver must request an inspection of the damaged goods by the carrier. All damaged product and packaging should be retained and photos taken for claim filing use. Inspections must occur at the original delivery point to be considered for claim submittal. Reports of concealed damage after five business days will not be considered.

Partial Shipments

Versteel makes every attempt to ship orders complete and on schedule. However, we reserve the right to make partial shipments as product is ready, in an effort to get your order to you as quickly as possible. Invoices covering these shipments are to be paid as they become due.

Returns

No return merchandise will be accepted without Versteel's written consent and shipping instructions. Unauthorized returns will not be accepted.

Terms

Terms are 1%, 10 days, net 30 days from date of invoice.

Force Majeure

Versteel shall be excused from the duty to render timely performance of any obligation hereunder if such inability to perform is caused directly or indirectly by act of God, flood, war, riot, fire, accident, explosion, strikes or labor trouble, act of government, delay or default by a subcontractor or supplier of materials or services, transportation difficulty or delay, the existence of any circumstances making performance commercially impracticable or any other cause beyond Versteel's reasonable control. Buyer's obligation to make any payment due and owing to Versteel shall not be excused for any reason whatsoever.

Oversized Shipping Fee

Orders received for items or tops greater than 94" in length will receive a $250 net oversized shipping fee per order. Fee not applied to orders with multi-piece tops where each section is less than 94" in length.

Warranty

All table and seating products manufactured by Versteel are guaranteed by a Lifetime Warranty against defects in materials and workmanship from the date of purchase. Products manufactured/adapted for use in a Pavilion or Pop-Up setting are covered under a three (3) year warranty against defects in materials and workmanship from date of purchase.

Electrical items manufactured by Versteel are guaranteed against defect for a period of one (1) year from date of purchase.

Electrical items not manufactured by Versteel are covered by the manufacturers under their specified warranty.

Consumables such as gas cylinders, casters, and glides are covered for a period of one (1) year. Adjustable height bases with crank and counterbalanced components are covered under a two (2) year warranty. Versteel will not cover labor costs associated with replacing the casters or glides.

Wood veneer is warranted for a period of ten (10) years. Butcher block is covered under a one (1) year warranty. Natural variations in grain, color, or texture of wood should not be construed as defects under this warranty.

Versteel will replace or repair (at our discretion) without cost to our customers any item manufactured by Versteel found to be defective as a result of defective material or workmanship and is still owned by the original purchaser. We will not, however, repair any item which is not properly installed, maintained, is abused, or subject to any use other than that which was originally intended. Warranty does not cover normal wear and tear of the product, which is expected over the course of ownership. In no event shall liability under this warranty exceed the original purchase price.

Pavilion and Pop-Up products must be covered and out of direct sunlight. Use location must be a minimum of 100 miles from saltwater.

Warranty on plastic laminates, solid surface, non-standard materials, and upholstery is not covered by Versteel but is covered by each manufacturer under their specified warranty only. All foams, fabrics, and vinyls are prone to stretch and loosen over time through normal use. This natural effect, called puddling, is covered for a period of one (1) year from the date of purchase.

There are no other warranties expressed or implied.

Care of Wood Chair Parts

Clean all surfaces frequently with water-dampened soft cloth, moving the cloth with the grain direction. Quickly buff dry. Immediately remove any liquids that come in contact with wood surfaces using a blotting action to absorb liquid. Lift objects to move them. Never pull them across the finished surface.

Avoid exposing furniture to extreme heat and cold or to wide humidity variances. Avoid exposing furniture to strong sunlight. Do not use soaps, commercial cleaners or harsh solvents (nail polish remover, acetates, etc.) as they will cause finish deterioration.

Care of Laminate Surfaces and PVC Edges

Clean with a mild soap solution and rinse with clean, clear water. Wipe the entire surface, moving with the pattern and follow with a clean, dry soft cloth.

Care of Powder Coat and Nickel Frames

Clean with a mild soap solution and rinse with clean, clear water. Wipe the entire surface and follow with a clean, dry cloth to buff dry.

Care of Chrome Frames

Clean with a wet cloth or window cleaner. For scuff marks or heavy soiling, a non-abrasive automotive chrome polish can be applied as directed.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the mechanisms. Do not apply lubricant. Mechanisms have been designed and tested to not require lubrication under normal conditions.

Care of Upholstery Surfaces

For Versteel standard fabrics and vinyls, consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Care of Poly Parts

Clean with a mild soap solution and rinse with clean water. Avoid exposure to harsh or acidic solvents (nail polish remover, orange cleaner, bleach, etc.) as it will cause finish deterioration.

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Quickship Program

QS Available on select products in the Versteel offering. Please visit versteel.com/quickship for program details.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST).

Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or canceled, and credit approval must be acquired within 24 hours.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards, or the "Materials and Finishes" section of our website for reference information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Versteel Seating. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below. We will not produce products with textiles containing fire retardant materials.

Receiving COM Approval
Not all materials are suitable for upholstery on all chairs. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following:

- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

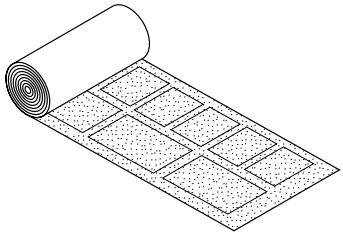

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

With the exception of OH! and Zayn all COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Patterned COM Additional Yardage Guide

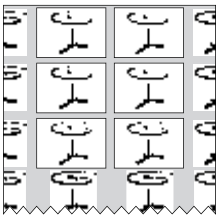

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% in 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Catwalk is a modular soft-seating series featuring low, mid and high ledge heights that allow you to create endless configurations. Ledges may be specified in laminate, veneer or upholstery.

Features
The seat height for all catwalk units is 17 ½" tall. The unit to unit connection points for all seating models, along with same cushion dimensions, allow for easy configuration changes in the field.

Legs
Legs are 1 ¼" diameter steel tube with adjustable nylon glides.

Cat's Paw™
Every Catwalk unit is shipped with Cat's Paw linking brackets to ensure units remain connected in desired configuration. This unique design requires no tools to link units, and allows the brackets to remain on the unit when not in use.

Connector Tops
Two connector tops: rectangle and wedge may be specified to be linked to any catwalk upholstered unit. Available in laminate or veneer, these tops must be used between two units. They cannot be used at the beginning or an end of a run.

Power
If you desire USB charging the Salt unit is a perfect solution offering three different charging options. The Pepper unit is available when a power outlet is required. Additional information can be found on page 20.

Shipping Schedule

Standard Items

Fully Upholstered	4-5 WEEKS
Laminate, PVC Edge	4-5 WEEKS
Laminate, Wood Edge	4-5 WEEKS
Veneer, Wood Edge	6-8 WEEKS

Contact Versteel for special lead time requests.

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Catwalk. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Catwalk. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

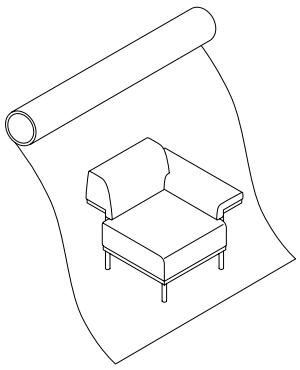

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT "UP THE ROLL"

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Catwalk COM Yardage Requirements

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. The "Same" column is for those units that are specified with the same fabric on the seat and the ledge. For quantities greater than 6, contact Versteel Customer Service for calculation of COM yardage by model.

	1			2			3			4			5			6		
Quantity of Units	Seat	Ledge	Same	Seat	Ledge	Same	Seat	Ledge	Same	Seat	Ledge	Same	Seat	Ledge	Same	Seat	Ledge	Same

Patterned COM Additional Yardage Guide

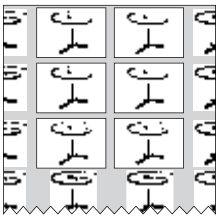

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

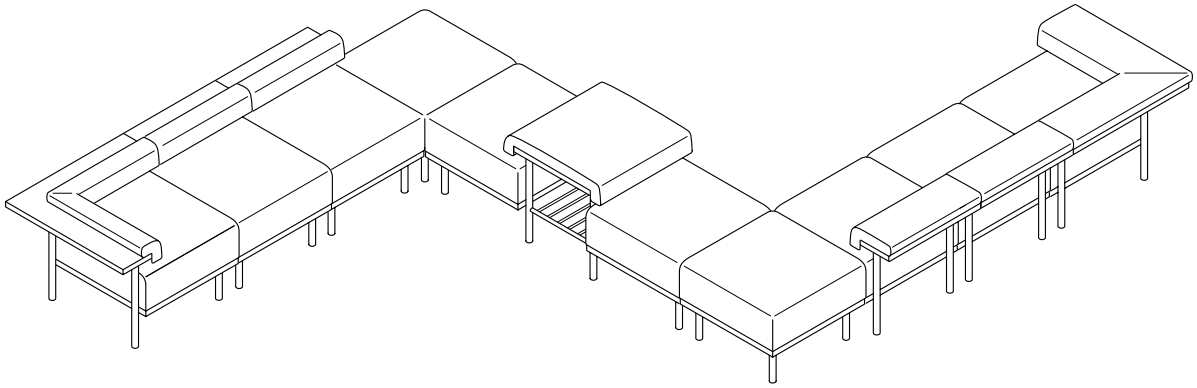

Linking Configurations

All Catwalk models can be combined to create configurations for relaxation, studying, collaboration, etc. Mix and match different ledge heights and styles along with the ottoman or one of the connector tops. When using a connector top keep in mind it must be used between non-ledge sides of two units.

Configuration Examples

Versteel will help you with your configuration if you have concerns. Simply call Customer Service and provide the dimensions of your space and the type of configuration you desire. Like any other space planning, it is helpful to know where the power sources are, as well as windows, doors and other obstructions and proposed traffic patterns.

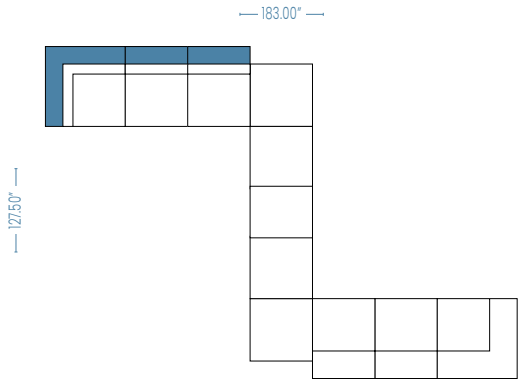

Shown below and on the following pages are some idea starters. Units are priced with a powder coat frame, grade 2/COM fabric, laminate ledge and PVC edge.

NOTE TRANSPARENT POWDER COATS ARE NOT AVAILABLE ON CATWALK

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . ENKL

Laminate

Versteel's standard offering of laminates includes over 900 laminates from Formica, Nevamar, Pionite and Wilsonart.

Laminate manufacturers change standard offerings frequently, making it possible a standard product can become unavailable. Versteel cannot be responsible for any inconvenience this may cause.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

*Specify code **TSP** (Special Laminate), indicate the quoted charges per table*

Special laminates and patterns can be specified as an option on Troupe. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Custom PVC Color Match

Call for quotation / one time charge per color, per order

*Specify code **OCP** (Custom PVC Color Match), add cost from Versteel quotation*

PVC Color Match can be the selection of a color that is available from a Versteel supplier or a new custom color developed for the order. Minimum footage requirements mean that the amount of material needed for your order will effect the cost.

For PVC Color Matching you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match will be developed and sampled for customer approval before a production schedule is established.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$957 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $957.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Veneer or Wood Edge Alternatives

For veneer or wood edge requirements other than our standard plain sliced Ash, Cherry, Maple or Walnut, contact Versteel Customer Service with the specifications of the materials you would like to specify.

NOTE VENEER OR WOOD EDGE ALTERNATIVES APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Salt or Pepper

Individual dual USB charger or power outlet for easy, quick access applications.

Specifications

Chela is available in 4-leg, sled, swivel, stool and beam with a molded resilient polypropylene resin shell. In addition to the poly shell an upholstered seat or an upholstered seat and back pad are available on all chair, stool and beam models. The chairs and stools may be specified with or without arms. 4-leg and sled base chairs are also available with a tablet arm. The beam seating, which can be ordered with a round or square top, is armless.

Features

The flex motion ergonomic design allows the seat and back to recline simultaneously. 4-leg chairs feature a black nylon dome glide, while the sled base chairs and stools have a clear polycarbonate flat glide. The swivel chairs and stools feature black polyimide glide feet or dual wheel black nylon soft wheel casters. The 4-leg and sled chairs and sled stools are stackable for compact storage. Chairs can be stacked on the floor or on the Chela Chair Trolley. Stools can be stacked on the floor. See right hand side of page for stacking information.

Stacking Information

Floor

Sled Base . . . . . 10 (6 if seats are upholstered)
Sled Base with tablet arm. . . . . 6 (4 if seats are upholstered)
Sled Base Stool (24" or 29"). . . . . 8 (5 if seats are upholstered)

Guest Chair with tablet arm . . . . . 6 (4 if seats are upholstered)

Trolley

Sled Base Chair . . . . . 20 (10 if seats are upholstered)
Guest Chair w/ or w/o Casters. . . . 20 (10 if seats are upholstered)

Quickship Program

Available for select products in the Chela series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

Poly Shell	3-5 WEEKS
Upholstered Items	4-5 WEEKS
Laminate, PVC Edge	4-5 WEEKS
Laminate, Wood Edge	4-5 WEEKS
Veneer, Wood Edge	6-8 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Chela. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Chela. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

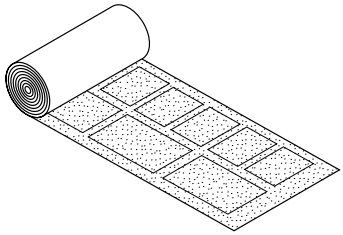

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Chela COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Chela With or Without Arms																				
Upholstered Seat & Back	1.5	2.5	2.5	3.5	3.5	4.5	4.5	5.5	6.0	6.5	7.5	7.5	8.5	8.5	9.5	9.5	10.5	11.5	11.5	12.5
Upholstered Seat Only	1.0	1.5	1.5	2.0	2.0	2.5	2.5	3.5	4.0	4.0	4.5	4.5	5.0	5.0	6.0	6.0	6.5	7.0	7.0	7.5
Upholstered Back Only	0.5	1.0	1.3	1.3	1.8	2.0	2.0	2.5	2.5	3.0	3.0	3.5	3.5	4.0	4.0	4.5	4.5	5.0	5.0	5.3

Patterned COM Additional Yardage Guide

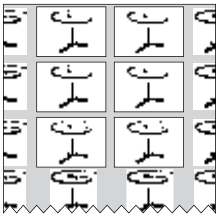

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

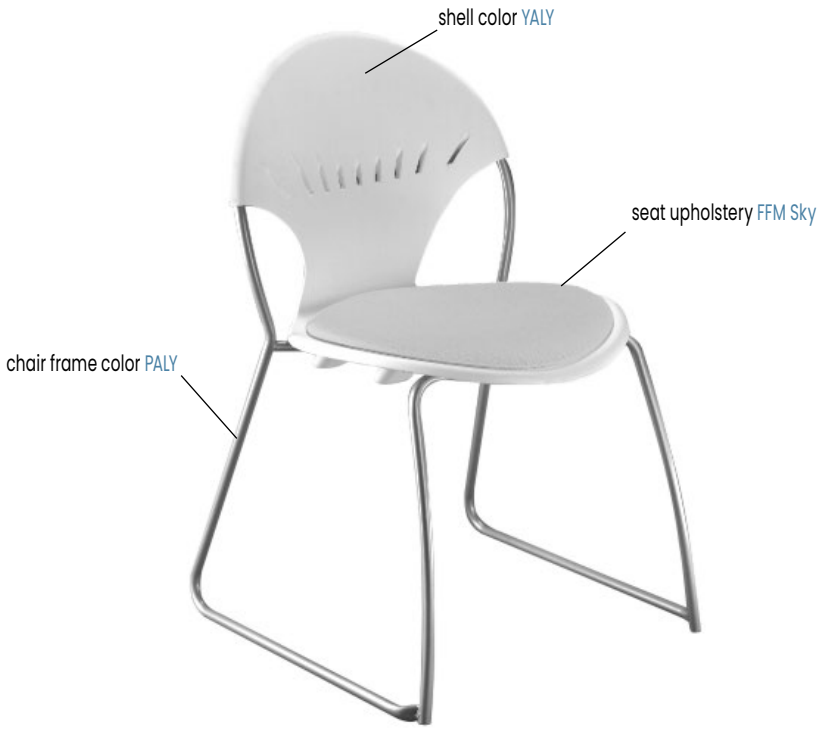

1. Model Number
2. Shell Color
3. Frame Color
4. Upholstery Selection
5. Frame Options

model number		finish selections				options
CES-04	/	**YALY**	/ **PALY**	/ **FFM Sky**	/	**____**
model number		shell color	frame color	upholstery selection		chair frame options

A **CES-04** is a Chela series, armless sled base chair with an upholstered seat.

The codes **YALY / PALY / FFM Sky** specify a Alloy poly shell with an Alloy frame and Grade 4 Faux Mo Sky Upholstery.

Model Number CES-04

Poly Shell Alternative . . . . OPS

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process $165

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Powder Coat Alternative . OPA

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . ENKL

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Poly Shell Alternative

Call for quotation

*Specify code **OPS** (Poly Shell Alternative), add cost from Versteel quotation*

For Poly Shell Alternative, you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match can be developed. Minimum order quantities exist for alternative colors. Call Versteel Customer Service for minimums and associated upcharges on Poly Shell Alternatives.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

*Specify code **TSP** (Special Laminate), indicate the quoted charges per table*

Special laminates and patterns can be specified as an option. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Custom PVC Color Match

Call for quotation / one time charge per color, per order

*Specify code **OCP** (Custom PVC Color Match), add cost from Versteel quotation*

PVC Color Match can be the selection of a color that is available from a Versteel supplier or a new custom color developed for the order. Minimum footage requirements mean that the amount of material needed for your order will effect the cost.

For PVC Color Matching you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match will be developed and sampled for customer approval before a production schedule is established.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Veneer or Wood Edge Alternatives

For veneer or wood edge requirements other than our standard plain sliced Ash, Cherry, Maple or Walnut, contact Versteel Customer Service with the specifications of the materials you would like to specify.

NOTE VENEER OR WOOD EDGE ALTERNATIVES APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Hard Surface Glides - Nylon (set of 4)
$23 / chair or stool
Specify code GLD30 (Hard Surface Glides - Nylon), add $23 list per chair or stool.

Glide surface is nylon and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Hard Surface Glides - Felt (set of 4)
$23 / chair or stool
Specify code GLD31 (Hard Surface Glides - Felt), add $23 list per chair or stool.

Glide surface is felt and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Felt Hard Surface Replacement Caps (set of 4)
$23 / chair or stool
Specify code ABGFRC (Felt Hard Surface Replacement Caps), add $23 list per chair or stool

Felt replacement caps for felt hard surface glides.

Accessory Glide Replacement Tool
$26 / tool
Specify code AGRT (Accessory Glide Replacement Tool), add $26 list per tool

Use to remove worn felt hard surface glide caps.

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code CAS63 (Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Soft Wheel (Set of 4)
$171 / chair
Specify code CAS59 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

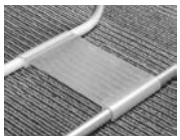

Black non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Book Basket - Chela
$148 / basket
Specify code BCE (Book Basket - Chela) add $148 list per chair

The Chela book basket is made of formed resistance welded wire. Finish is Chrome unless otherwise specified. Basket may be field installed. Inside dimensions are 11"w x 13"d x 5½"h.

Chair Link - Chela
$32 / chair
Specify code ACLCN (Chair Link - Chela Armless) or specify code ACLCW (Chair Link - Chela Arm), add $32 list per chair

Link can be field installed without the use of tools.

Chair Trolley - Chela
$906 / each
Specify code ACTCE (Chair Trolley - Chela), add $906 list each

Chela Guest (with or without casters) or Sled Base poly shell chairs stack 20 high. Trolley with push handle and stack of 20 chairs measures approximately 27"w x 50"d x 77"h.

STACKING INFORMATION ON TROLLEY CHELA SLED BASE OR GUEST CHAIRS (WITH OR WITHOUT CASTERS) STACK 20 HIGH ON THE TROLLEY, 10 HIGH WITH UPHOLSTERED SEAT.

12"

Specifications

Companion 4-leg guest chairs, tablet arm chairs, bariatric and stools are available with radius or flared backs. Chairs and stools can be specified with or without arms. Multiple material options are available on the seats, backs and armcaps ranging from upholstery to wood and urethane. An armless youth chair with a radius or flared back is also available.

Features

Finished wood back, seat and armcaps are made from rotary cut molded 7-ply maple. Chairs and stools have a stainless steel pivot glide and the bariatric chairs have a clear polycarbonate glide. Kick-back leg design creates a wall saver on all models. Chairs can be stacked on the floor or on the Companion Chair Trolley. Stools can be stacked on the floor. See below for stacking information.

Stacking Information

Floor

Arm and armless with glides (includes youth) 8
Arm and armless with single wheel casters 5
Arm and armless with dual wheel casters 4
With tablet arm 4
All stools 6

Trolley

Arm and armless with glides (included youth) 10
Arm and armless with single wheel casters 5
Arm and armless with dual wheel casters 4

Quickship Program

Available for select products in the Companion series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

All Seating	4-5 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Companion. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Companion. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

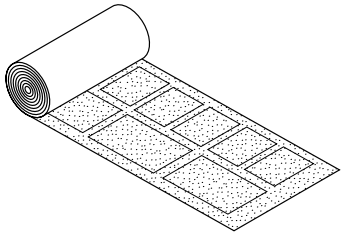

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Companion COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Patterned COM Additional Yardage Guide

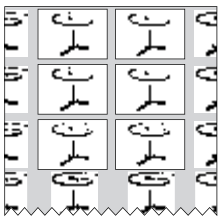

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Frame Color
3. Wood Finish
4. Upholstery Selection

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Custom Engraving or Cutout

Call for Quotation

*Specify code **KLC** (Laser Cutout), add cost from Versteel quotation*

Personalize seating with your custom art via etching, engraving or laser cutting.

Hard Surface Glides - Nylon (set of 4)
$23 / chair or stool
Specify code GLD32 (Hard Surface Glides - Nylon), add $23 list per chair or stool.

Glide surface is nylon and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Hard Surface Glides - Felt (set of 4)
$23 / chair or stool
Specify code GLD33 (Hard Surface Glides - Felt), add $23 list per chair or stool.

Glide surface is felt and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Felt Hard Surface Replacement Caps (set of 4)
$23 / chair or stool
Specify code ABGFRC (Felt Hard Surface Replacement Caps), add $23 list per chair or stool

Felt replacement caps for felt hard surface glides.

Accessory Glide Replacement Tool
$26 / tool
Specify code AGRT (Accessory Glide Replacement Tool), add $26 list per tool

Use to remove worn felt hard surface glide caps.

Casters - Non-Locking Single Wheel (set of 4)
$191 / chair
Specify code CAS33 (Casters - Non-Locking Single Wheel), add $191 list per chair

Non-locking single wheel, unique profile 2" diameter caster threaded into the receiver leg base. Please refer to the individual pricing pages for availability. Must be specified at the time of order. Caster option does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code CAS54 (Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Soft Wheel (Set of 4)
$171 / chair
Specify code CAS58 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Chair Link - Companion
$35 / chair
Specify code ACLCO (Chair Link - Companion), add $35 list per chair

Link will ship installed on chair when specified on order. Can be field installed without the use of tools. Link stores under chair seat.

Book Basket - Companion
$148 / basket
Specify code BCL (Book Basket - Companion) add $148 list per chair

The Companion book basket is made of formed resistance welded wire. Finish is Chrome unless otherwise specified. Basket may be field installed. Inside dimensions are 11½"w x 13½"d x 6"h

Chair Trolley - Companion

$717 / each

*Specify code **ACTCO** (Chair Trolley - Companion), add $717 list each*

Companion upholstered or wood chairs with glides stack 10 high. Chairs with single wheel casters stack 5 high while chairs with dual wheel casters stack 4 high. Trolley with a stack of 10 chairs measures approximately 24"w x 36"d x 61"h.

Elly is a modular soft-seating series featuring oversized seats to accommodate multiple sitting styles and body shapes. Linking tables may be added to compliment or complete your configuration. When creating your space don't forget to include the Elly pull up table.

Seating
Seating frames are constructed of laminated plywood with CNC cut joints. The pocket and notch construction is reinforced with corner blocks. High density polyurethane foam with webbing is used for comfort.

Units are standard with a primary and accent fabric. The accent fabric is on the side of the seat and back, the front of the arms and the side of the bolster. The accent fabric is included in the cost of each unit. Contact Customer Service for list pricing if the accent fabric is higher than a grade 6. If an accent fabric isn't desired specify it to be the same as the primary fabric.

Component fastening points are metal to metal for ease of assembly and durability. The Paces style steel legs are welded to a mounting plate. Adjustable nylon glides are standard. All Versteel powder coats, including Chrome and Nickel are available.

Linking Tables
Elly linking tables are available in square, rectangle and half round shapes. Tops are 6 ½" high and may be specified in laminate or veneer with a self edge. Available in all Versteel powder coats, including Chrome and Nickel, the steel legs are welded to mounting plates. Adjustable nylon glides are standard.

The Elly pull up table is perfect for a cup of coffee, personal electronic device, or anything you might want to keep close at hand. Available with either a laminate or veneer top with a ⅞" PVC or wood edge band the unique top shape is designed for comfort and use. The heavy-duty powder coated steel platform-style base features fixed nylon glides. Chrome and Nickel are not available on the pull up table.

Power/Data
A mini-tap electrical unit may be specified in the seats or tables. See the planning page for additional information.

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyl for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for reference information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Elly. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Elly. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following:
- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

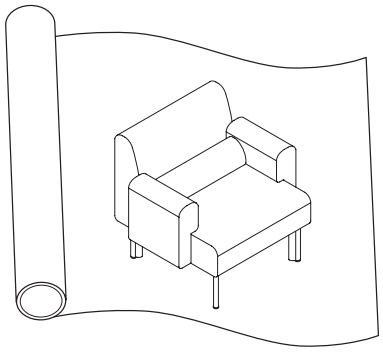

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's for Elly are railroaded unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT RAILROADED

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Elly COM Yardage Requirements

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 5, contact Versteel Customer Service for calculation of COM yardage by model.

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5″ vertical repeat plus an 11″ horizontal repeat gives a 16″ total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54″ wide fabric and the pattern has a repeat of 11″ horizontal and 5″ vertical. Add up the repeats (11″ + 5″ = 16″) and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Repeats and Striped Fabrics

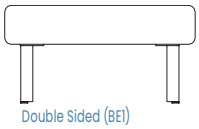

The geometry of curved products prevents repeats and stripes from matching at the seams.

Linking Configurations

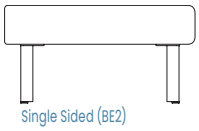

One, two and three seat units, benches and tables can be combined to create linking configurations for relaxation and collaboration.

When including a linking table in your configuration keep in mind it will need to link to an armless unit.

Elly offers two styles of backless benches: double sided and single sided. The single sided bench is not finished on the back and is intended for back-to-back application or to be placed against the wall.

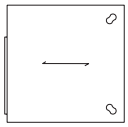

Double Sided (BE1)

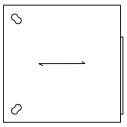

Single Sided (BE2)

Linking Tables

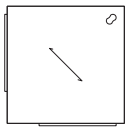

There are three shapes of linking tables: square, rectangle and half round. All three shapes may be specified for the end of the configuration run. The square and rectangle tables may also be specified in the middle of a configuration. The square corner table is the perfect fit for corner applications.

Power

It may be desirable to provide power access to your Elly configuration. The mini-tap is the perfect solution as it provides one outlet and one dual port USB charger. The unit is silver with white outlet trim.

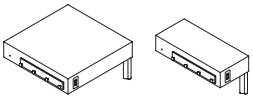

On Elly seating, the mini-tap can be specified on either the lower right or left hand side of the seat cushion.

For linking tables the mini-tap is located opposite the leg on the front of square or rectangle end tables, and is centered on the front of rectangle middle tables. The mini-tap will be in the top surface when specified on corner and half round tables. For square middle tables there are two location options: one mini-tap centered on the front, or two mini-taps on either end of the front. See below for locations

If you have particular needs that have not been addressed in this price list, please call Versteel Customer Service for answers and recommendations. A drawing of your layout is required for all Elly purchase orders.

Configuration Examples

Versteel will help with your configuration if you have concerns. Simply call Customer Service and provide the dimensions of your space and the type of configuration you desire. Like any other space planning, it is helpful to know where the power and data sources are, as well as windows, doors, any other obstructions and proposed traffic patterns.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . ENKL

Laminate

Versteel's standard offering of laminates includes over 900 laminates from Formica, Nevamar, Pionite and Wilsonart.

Laminate manufacturers change standard offerings frequently, making it possible a standard product can become unavailable. Versteel cannot be responsible for any inconvenience this may cause.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

*Specify code **TSP** (Special Laminate), indicate the quoted charges per table*

Special laminates and patterns can be specified as an option. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Tablet Option

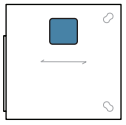

A tablet can be specified at the beginning or the end of a run. It can be specified on units with or without arms or backs and/or electrical. Tablet cannot be used next to a table or another upholstered unit. The swivel tablet is 10" x 14". Surface is black laminate with a clear coated exposed plywood edge.

Specify code BTBR (right) or BTBL (left) and add $324 list each.

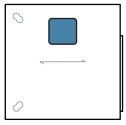

Planter

A stainless steel planter box can be specified on any linking table without an electrical unit. Inside dimensions are 6" long x 5.4" wide x 5.9" deep. See below for planter locations.

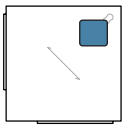

Specify code EYPBY6 and add $198 list each

Immix is a modular bench system allowing creative configurations for any seating need. Combine curves and straight sections for unlimited configurations and spans. Mix and match seats with a variety of top shapes, materials and edge options. Add backs, arms and even power/data for maximum comfort.

Frames
Straight metal frames are available in 22", 33", 44", 55" and 66" lengths in varying combinations of seats and tops. Curved frames come in 30°, 45°, 60° and 90° radii with an inside or outside radius back, seat only or table. The rectangular steel tube frame has welded and brazed joints for a highly polished and exceptionally smooth appearance. Black adjustable nylon glides are semi-concealed and standard on all legs.

Upholstered Seats and Backs
Upholstered seats on straight units range from 20" to 64" in length with 22" and/or 33" backs. Larger units may have multiple small seats or a single, longer seat cushion. Curved seats have one continuous seat cushion and one continuous back. Optional cleanout cushions may be specified to provide space between seat and back.

Arm Styles
A partially upholstered arm with a metal trim is standard on straight units. The metal detail is on the front of the arm and mimics the polished, rectilinear style of the frame. Other arm styles are available, including a fully upholstered arm, a dual metal arm with trim on both sides and a tablet arm (22" and 33" frames only). Shorter frames are available with one arm (left or right), two arms or armless. Longer frames also have center arms available. Curved units are armless only.

Tops and Tables
Immix has tops and various freestanding or connecting tables. Tops are available as part of a bench unit in combinations with seats and are 11" or 22" wide, depending on the unit. Tables come in straight, curved or corner styles. Armless application is intended for in-line use adjacent to armless seats or for freestanding occasional use. Arm application tables are for in-line use and have a smaller top size to make room for adjacent benches with arm.

Tops and table tops are 1¼" thick with a variety of material and edge options.

Power + Data
Specify electrical to keep outlets close at hand. Add grommets or power/data to top surfaces. Undermount units are compatible with Immix benches and frames. See planning pages or the Power + Data price list for more information.

Laminate and Veneer, Standard Core Construction
The standard top construction consists of 45-50 lb particleboard, surfaced with a high pressure laminate or plain sliced veneer face. A backer sheet is laminated to the underside of the top.

PVC Flat or Fluted Edge
Edge of 2mm PVC hot melt banded to the top with ⅛" radius at the top and bottom.
Offered in twenty-one (21) standard colors.

Wood Flat or Fluted Edge
Wood banding hot melt banded to the top with ⅛" radius at the top and bottom.
Offered in Ash, Cherry, Maple or Walnut materials.

Reverse Bevel Acrylic
Edge of 2mm plywood-grained acrylic edge banding hot melt banded to MDF core. A reverse bevel is then cut into the edge exposing the MDF on the reverse bevel. The MDF is then clear coated.

Wood Square or Fluted Edge
Edge of 1 ¼" wide solid wood with softened top and bottom edges, and square, softened mitered corners.
Offered in Ash, Cherry, Maple or Walnut materials.

Wood Reverse Bevel Edge - 2"
Edge of 2" wide solid wood designed with a reverse sloped edge with mitered corners.
Offered in Ash, Cherry, Maple or Walnut materials.

Shipping Schedule

Upholstered Items	4-5 WEEKS
Laminate, PVC Edge	4-5 WEEKS
Laminate, Wood Edge	4-5 WEEKS
Veneer, Wood Edge	6-8 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyl for soil resistance. Please refer to Versteel's fabric cards, upholstery options pages in the All Seating price list, or the "Materials and Finishes" section of our website for reference information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

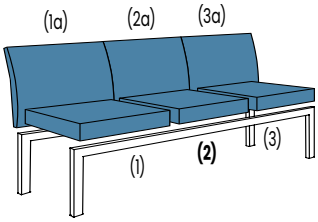

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Immix. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Immix. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

Fabric Positions
Each position of an Immix unit can have a different fabric. Within each position, the seat and back fabrics can also differ. Fabric positions are specified from left to right as you are facing the unit, going from seat to back within each position.

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following:
- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

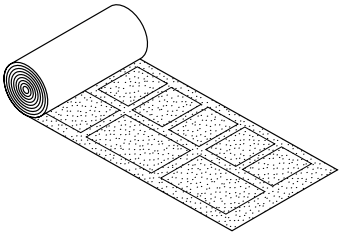

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Repeats and Striped Fabrics

The geometry of curved products prevents repeats and stripes from matching at the seams.

Versteel Seating COM Standard Yardage Requirements

COM yardage requirements are calculated for benches based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 10 benches, contact Versteel Customer Service for calculation of COM yardage by bench model.

NOTE THIS CHART IS NOT APPLICABLE FOR MULTIPLE FABRICS ON ONE BENCH. CONTACT VERSTEEL CUSTOMER SERVICE FOR YARDAGE REQUIREMENTS IF SPECIFYING MULTIPLE FABRICS.

Immix Bench System

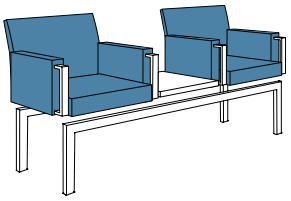

Combine curves and straight sections to create shapes and unlimited spans of seating and tables. A variety of seat and back widths can be mingled with tops of various shapes, materials and edges.

When planning a space with Immix, keep the same considerations in mind as you would when specifying product for any other space. How will the space be used? Do you need power and data? Will the product need to be moved or reconfigured in the future? Are there special user needs to be considered? Think about these and any other issues you may encounter when you plan your space.

If you are creating a configuration for a waiting room or lobby, feel secure that the Immix benches you choose have been designed and engineered for longevity with enduring finishes and high density foam. If you have particular needs that have not been addressed in this price list, please call Versteel Customer Service for answers and recommendations.

Standard vs. À la Carte

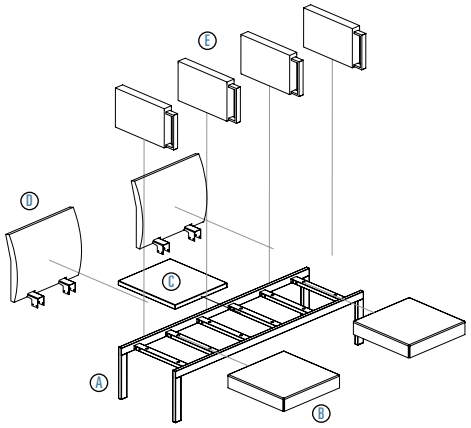

A wide range of 'standard' models have been established for easy ordering, but Immix benches are designed so that you can configure various combinations or styles using the A la Carte section starting on page 145.

Order the standard item found under the 66" Frame section of this price list.

(1) IM2066 15 FC

OR...

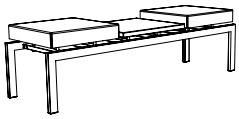

Build any bench from the A la Carte menu. Start with a frame, then add the elements you desire.

A. (1) IMAC 2066 (66" frame)
B. (2) IMAC 2020US (20" upholstered seats)
C. (1) IMAC 2019RE (19" top)
D. (2) IMAC 2022UB (22" upholstered backs)
E. (4) IMAC 2011UA (upholstered arms)

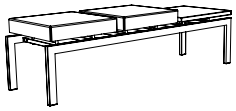

The À la Carte section was developed for many purposes.
- Custom bench configurations
- Replacement parts
- New components to change color scheme
- New components to alter existing configuration

Reconfigure A Standard Model

A standard configuration listed in this price list may have all the elements you desire, just not in the desired order. No problems. Simply call Versteel Customer Service and a representative will happily assist you with your order.

(1) IM2066 11 FC (standard model)

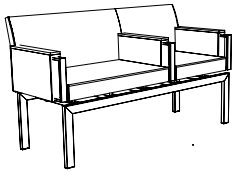

(2) IM2066 11 FC SST (reconfigured from standard model)

1. A standard Immix unit as found in this price list, with 20" upholstered seats and a 22" table in the middle. It has the elements you want, but not in the right order.

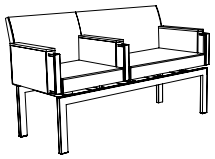

2. All the same elements but with the table positioned on the right, where you want it. Simply add SST at the end of your model number to indicate a seat-seat-table configuration. Contact Versteel Customer Service if you have any questions.

Mirror A Standard Model

In this price list you will find many standard models, but not every configuration. All of the models listed can be mirrored to fit your needs with no additional charge. To specify a mirrored model just add the letter M to the standard model number when you order. Should you have any questions or concerns call Versteel Customer Service.

(1) IM2055 D05 (standard model)

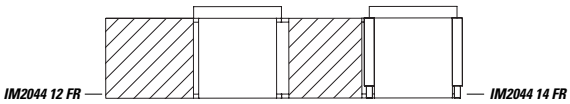

(2) IM2055 D05 M (mirrored model)

1. A standard Immix unit as found in this price list, with a 31" upholstered seat on the left and a 20" upholstered seat on the right. It has the elements you want, but you would like them flopped.

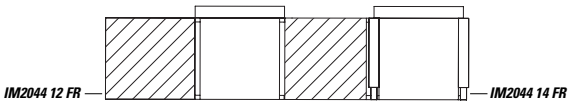

2. The mirror image of the standard model reverses the order and puts the seats where you want them. All that is required when specifying is to add M to the standard model number to achieve this configuration.

Arm to Armless & Armless to Arm

You may want to create a configuration where you will place a top between a seat with arms and a seat without arms on the same frame. Or even connect benches with arms to benches that are armless. In these cases it is possible to use standard tops, but Versteel has also designed tops just for this scenario. By using these tops, which have been specially sized, spacing will remain even throughout the configuration. Please indicate on your order or quote if the arm to armless top is desired.

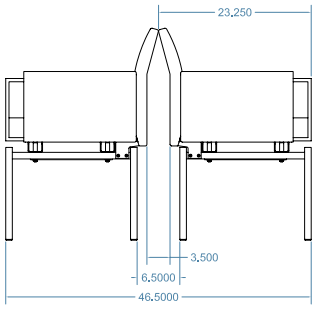

Arm to armless configuration with standard 19" top.
Notice the uneven spacing.

Arm to armless configuration with special 21" top.
The spacing is now consistent.

Back to Back Installations

When you are creating a space using Immix benches, don't forget that the benches with backs have a slightly deeper footprint. If you plan to place benches with backs in a 'back-to-back' configuration, use the dimensions provided here to insure you will have plenty of space for installation.

Power, Data and Wire Management

It may be desirable to provide power and data access to your Immix configuration depending on the end use application. If so, then plan for your power and data as you would any other specification, keeping in mind where the power will come from as well as the load that will be placed on the circuit.

Review the Power & Data Planning section that is found in the Versteel Power & Data Price List for more information. If there is any risk that the circuits may not be able to carry the load, contact a qualified electrician. Also, always consult any local codes or restrictions concerning power.

Use the drawings provided on the next page to determine the location(s) you want to place power and data or grommets in your configuration.

Wire Management

Use grommets to route cords for lamps and other devices through a table top to an outlet.

Locations For Power + Data and Grommets

Rectangular Frames

Power and Data and grommets must be located between the cross rails on Immix frames. There are five locations for the rectangular frame that can be combined and cross-referenced for more than one application. The logic for positioning is that as the frame grows in length, from left to right, the position moves along with it. A 22" frame has one position (Location 1) as there is only one space between cross rails. A 44" frame has 3 positions (Locations 1, 2 & 3) as there are three spaces between cross rails. The drawings at right illustrate the positions for rectangular frames and how to indicate where you would like Power + Data units or grommets.

Arc Frames & Corner Connectors

There are four locations for the arc frame positions and one for corner connectors. The drawings below illustrate the positions for Power + Data units and grommets.

Large Configurations

Larger spaces may require a larger configuration, and these may be intimidating. If you are concerned that the curves and angles you are specifying may not be the correct ones, call Versteel Customer Service for input and advice.

Versteel will also help you configure your Immix bench system if needed. Simply call Versteel Customer Service and provide the dimensions of your space and the type of configuration that you desire. Like any other space planning, it is helpful to know where power and data sources are, as well as windows, doors, and any other obstructions and proposed traffic patterns.

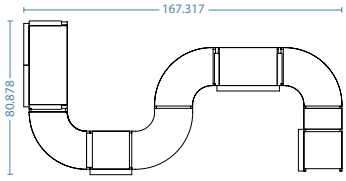

L Unit

(1) IM2066 13R HC
(1) IM2066 13L FC

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.
An upcharge applies; see product pages.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

Specify code OPA (Powder Coat Alternative), add cost from Versteel quotation

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

Specify code TSP (Special Laminate), indicate the quoted charges per table

Special laminates and patterns can be specified as an option. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Custom PVC Color Match

Call for quotation / one time charge per color, per order

Specify code OCP (Custom PVC Color Match), add cost from Versteel quotation

PVC Color Match can be the selection of a color that is available from a Versteel supplier or a new custom color developed for the order. Minimum footage requirements mean that the amount of material needed for your order will effect the cost.

For PVC Color Matching you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match will be developed and sampled for customer approval before a production schedule is established.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Veneer or Wood Edge Alternatives

For veneer or wood edge requirements other than our standard plain sliced Ash, Cherry, Maple or Walnut, contact Versteel Customer Service with the specifications of the materials you would like to specify.

NOTE VENEER OR WOOD EDGE ALTERNATIVES APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

3form® Material

3form is available for Immix tops. It incorporates raw materials made of renewable material from natural landscapes all over the globe. The manufacturing process produces no VOC's or other harmful gases. 3form material is GREENGUARD® CERTIFIED. Contact Versteel Customer Service for pricing.

Table Top Alternatives

Table tops can be produced in alternative top material if desired. Contact Versteel Customer Service for pricing and availability.

Alternate Core Construction

Alternate core constructions are available, including medium density fiberboard (MDF), honeycomb cores and cores that contain no urea formaldehyde. Contact Versteel Customer Service for pricing and availability

Immix Adjustable Glides

no charge

Standard on all Immix benches, these glides are semi-concealed in the leg and compensate to approximately ¾" for uneven floors.

Immix Armless Plate

no charge

Armless plates can be used between cushions when no arms are specified. One plate for each of these applications is shipped with each bench. The plates can be used as an alternative to installing link brackets. Finish will be the same as the frame when powder coat is specified. For Chrome frames, the finish is Ebony.

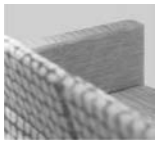

Immix Link Brackets

no charge

Link brackets are shipped on the underside of all Immix benches. Finish will be the same as the frame when powder coat is specified. For Chrome frames, brackets will be Ebony.

Fully Upholstered Arm

-$71 / arm

Specify code **ZFA** *(Fully Upholstered Arm), subtract $71 list per arm from price of bench*

A fully upholstered arm is available as an alternative to the standard arm. These arms do not have any metal detail.

Dual Metal Arm

$129 / arm

Specify code **ZMA** *(Dual Metal Arm), add $129 list per arm to price of bench*

A dual metal arm is available as an alternative to the standard arm. These arms have metal detail on both ends. Benches specified with this option should not have a back.

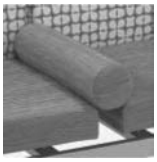

Tablet Arm

Call for quotation

A tablet arm is available on 22" and 33" frame benches. Call Versteel Customer Service for more information.

Bolster

Fabric Grade Dependent / Bolster

Specify code according to fabric grade
AIB2 (Grade 2 Bolster), add $253 list each
AIB3 (Grade 3 Bolster), add $302 list each
AIB4 (Grade 4 Bolster), add $353 list each
AIB5 (Grade 5 Bolster), add $404 list each
AIB6 (Grade 6 Bolster), add $453 list each

The bolster tethers to the bench frame using two 8 ½" elastic straps. Call Versteel Customer Service for more information.

Cleanout Cushion

$23 / per seat

Specify code ***UCC*** *(Upholstery Cleanout Cushion), add $23 list per seat*

Cleanout Cushions replace standard seats, creating space at the back and both sides of the seat to allow dirt and debris to fall to the floor for easier cleaning.

Top Custom Cutout

$120 / cutout

Specify code ***TCC*** *(Top Custom Cutout), add $120.00 list per cutout*

Top Custom Cutout requires a drawing for production and is subject to approvals.

Power + Data
A variety of power and data units are available on Immix products. Please reference the Power + Data price list for options.

Round Grommet
$76 / each
Specify code ***WR_*** *(Round Grommet - Location _), add $76 list per grommet*

Round Grommets are 3" black grommets with an inside dimension of 2 ¼". Round grommets are factory installed in the specified location. Includes two-piece black insert.

Oval Brush Grommet
$97 / each
Specify code ***WO_*** *(Oval Brush Grommet - Location _), add $97 list per grommet*

Oval Brush Grommets are 3" x 7 ½" black grommets with a brush insert cord access dimensions of 1 ½" x 4". Oval brush grommets are factory installed in the specified location.

1 Grommet - Provide Location Print
Round Grommet - *Specify code **WRG**, add $76.00 list per table*
Oval Brush Grommet - *Specify code **WOG**, add $97.00 list per table*

1 round or oval brush grommet is factory installed in the top location based on specifier's print.

Specifications
Kompis 4-leg guest chairs, tablet arm chairs, bariatric and stools have a square back. Chairs and stools can be specified with or without arms. Multiple material options are available on the seats, backs and armcaps ranging from upholstery to wood and urethane.

Features
Finished wood back, seat and armcaps are made from rotary cut molded 7-ply maple. Chairs and stools have a stainless steel pivot glide and the bariatric chairs have a clear polycarbonate glide. Kick-back leg design creates a wall saver on all models. Chairs can be stacked on the floor or on the Kompis Chair Trolley. Stools can be stacked on the floor. See below for stacking information.

Stacking Information

Floor

Arm and armless with glides. 8
Arm and armless with single wheel casters 5
Arm and armless with dual wheel casters 4
With tablet arm 4
All stools 6

Trolley

Arm and armless with glides. 10
Arm and armless with single wheel casters 5
Arm and armless with dual wheel casters 4

Quickship Program
Available for select products in the Kompis series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

All Seating	4-5 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Kompis. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Kompis. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

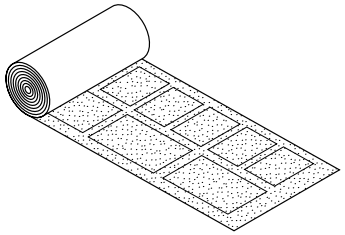

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Kompis COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Kompis Chairs and Stools With or Without Arms (yardage includes upholstered armcaps if specified)

Patterned COM Additional Yardage Guide

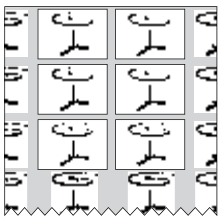

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Frame Color
3. Wood Finish
4. Upholstery Selection
5. Frame Options

model number		finish selections				frame options
KPSQ-04	/	**PPEA**	/ **WCHE**	/ **FCA Almond**	/	**----**
model number		frame color	wood finish	upholstery selection		chair frame options

A **KPSQ-04** is a Kompis series, square back armless 4-leg chair with an upholstered seat and wood back.

The codes **PPEA / WCHE / FCA Almond** specify a Pearl frame with a Chestnut wood finish and Grade 3 Caspian Almond upholstery.

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . .ENKL

Wood Finish

Versteel uses a post-catalyst varnish NDF topcoat that meets AWI (Architectural Woodwork Institute) TR6 performance standards.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Custom Engraving or Cutout

Call for Quotation

*Specify code **KLC** (Laser Cutout), add cost from Versteel quotation*

Personalize seating with your custom art via etching, engraving or laser cutting.

Hard Surface Glides - Nylon (set of 4)
$23 / chair or stool
Specify code GLD32 (Hard Surface Glides - Nylon), add $23 list per chair or stool.

Glide surface is nylon and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Hard Surface Glides - Felt (set of 4)
$23 / chair or stool
Specify code GLD33 (Hard Surface Glides - Felt), add $23 list per chair or stool.

Glide surface is felt and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Felt Hard Surface Replacement Caps (set of 4)
$23 / chair or stool
Specify code ABGFRC (Felt Hard Surface Replacement Caps), add $23 list per chair or stool

Felt replacement caps for felt hard surface glides.

Accessory Glide Replacement Tool
$26 / tool
Specify code AGRT (Accessory Glide Replacement Tool), add $26 list per tool

Use to remove worn felt hard surface glide caps.

Casters - Non-Locking Single Wheel (set of 4)
$191 / chair
Specify code CAS33 (Casters - Non-Locking Single Wheel), add $191 list per chair

Non-locking single wheel, unique profile 2" diameter caster threaded into the receiver leg base. Please refer to the individual pricing pages for availability. Must be specified at the time of order. Caster option does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code CAS54 (Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Soft Wheel (Set of 4)
$171/ chair
Specify code CAS58 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Chair Link - Kompis
$35 / chair
Specify code ACLCO (Chair Link - Kompis), add $35 list per chair

Link will ship installed on chair when specified on order. Can be field installed without the use of tools. Link stores under chair seat.

Book Basket - Kompis
$148 / basket
Specify code BCL (Book Basket - Kompis) add $148 list per chair

The Kompis book basket is made of formed resistance welded wire. Finish is Chrome unless otherwise specified. Basket may be field installed. Inside dimensions are 11½"w x 13½"d x 6"h.

Chair Trolley - Kompis

$717 / each

*Specify code **ACTCO** (Chair Trolley - Kompis), add $717 list each*

Kompis upholstered or wood chairs with glides stack 10 high. Chairs with single wheel casters stack 5 high while chairs with dual wheel casters stack 4 high. Trolley with a stack of 10 chairs measures approximately 24"w x 36"d x 61"h.

STACKING INFORMATION - KOMPIS ALL KOMPIS ARM AND ARMLESS CHAIRS WITH GLIDES STACK 10 HIGH ON THE TROLLEY AND 8 HIGH ON THE FLOOR. CHAIRS WITH SINGLE WHEEL CASTERS STACK 5 HIGH ON THE TROLLEY AND 5 HIGH ON THE FLOOR. CHAIRS WITH DUAL WHEEL CASTERS STACK 4 HIGH ON THE TROLLEY AND 4 HIGH ON THE FLOOR. CHAIRS WITH TABLET ARM STACK 4 HIGH ON THE FLOOR. ALL KOMPIS STOOLS STACK 6 HIGH ON THE FLOOR.

Specifications
Nerita is available in 4-leg, sled and swivel base styles with a shell of molded resilient polypropylene resin. In addition to the poly shell an upholstered seat pad is available. The chairs may be specified with or without arms.

Features
The 4-leg chairs feature a high density polyethylene (HDPE) black glide, while the sled base chairs have a clear polycarbonate flat glide. The swivel chairs have a polished aluminum or powdercoat base and feature 3" hollow wheel black casters or felt glides.

Shipping Schedule

Poly Shell	3-5 WEEKS

Some shell colors as well as powdercoated swivel bases may require an extended lead time. Contact Versteel Customer Service for additional information.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Nerita. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Nerita. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

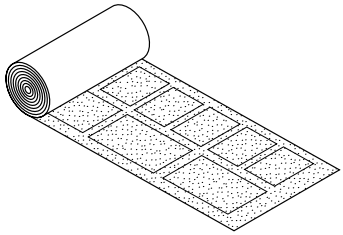

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Nerita COM Yardage Requirements

COM yardage requirements are calculated for chairs based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs, contact Versteel Customer Service for calculation of COM yardage by model.

Patterned COM Additional Yardage Guide

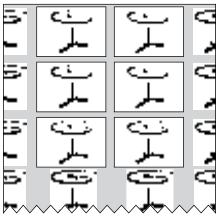

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Shell Color
3. Frame Color
4. Upholstery Selection

model number	finish selections			
NEMLA-06	/ **YSNO**	/ **PFOS**	/ **VVE Suede**	
model number	shell color	frame color	upholstery selection	

A **NEMLA-06** is a Nerita series, metal 4-leg chair with arms, upholstered seat pad and poly back.

The codes **YSNO / PFOS / VVE Suede** specify a Snow poly shell with a Fossil frame and Grade 4 Vector Suede upholstery.

Model Number NEMLA-06

Transparent Powder Coats (indicated by ♦)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Polished Aluminum

4-star cast aluminum swivel base is polished to a high gloss sheen.

Polished Aluminum. . . . . APOL

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. Plated finishes are not available on swivel base Nerita chairs. See product pricing pages for upcharge.

Nickel . . . . . ENKL

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Poly Shell Alternative

Call for quotation

*Specify code **OPS** (Poly Shell Alternative), add cost from Versteel quotation*

For Poly Shell Alternative, you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match can be developed. Minimum order quantities exist for alternative colors. Call Versteel Customer Service for minimums and associated upcharges on Poly Shell Alternatives.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

TRANSPARENT POWDER COAT NOT AVAILABLE

Custom Charges	Code	Price
Poly Shell Alternative (per color)	OPS	call

Specifications
Available in Polished Aluminum or any standard powder coat finish, OH! legs, back supports and connectors are one piece cast aluminum, polished to a high-gloss sheen. Seats are machined 1" plywood with a multi-layered construction high density polyurethane molded foam cushion. Backs are molded .75" plywood with a multi-layered construction high density polyurethane foam cushion. Seats and backs are top stitched with single side seams. Laminate or veneer table top surfaces are 1" particle board, Corian® table tops are 1" thick.

NOTE TRANSPARENT POWDER COAT FINISHES ARE NOT AVAILABLE

Features
Since there is no contact between upholstered surfaces, OH! is very easy to clean and more hygienic. The 24" diameter seats appeal to multiple sitting styles and body shapes. Modular construction allows for unlimited configuration options. Under mount power option is available in addition to integrated wire management across the connector.

Laminate and Veneer, Standard Core Construction
The standard top construction consists of 45-50 lb particleboard, surfaced with a high pressure laminate or veneer face. A backer sheet is laminated to the under side of the top. Tops are shipped predrilled for field installation of bases and accessories.

Corian® Construction
Tops are 1" thick Corian® fabricated by bonding two .5" thick sheets together and machining them to size. The underside is bored to allow pressing in metal screw inserts for field installation of the legs and/or connectors.

PVC Flat Edge
Edge of 2mm PVC hot melt banded to the 1" top with ¼" radius at the top and bottom.
Offered in twenty-one (21) standard colors.

Wood Flat Edge
Wood banding hot melt banded to the 1" top with ⅛" radius at the top and bottom.
Offered in Ash, Cherry, Maple or Walnut materials.

Corian® Eased Square Edge
A traditional 1" flat edge with a small radius where horizontal surfaces meet vertical for comfort and a softened aesthetic.
Offered in twelve (10) standard colors.

Quickship Program
Available for select products in the Companion series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or canceled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

NOTE OH! SHIPS DISASSEMBLED AND REQUIRES ASSEMBLY

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyl for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for reference information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on OH!. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on OH!. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

Seat Accent Fabric
The OH! seat band may be specified in a different fabric than the rest of the unit. Specify and add $372.00 list per unit.
Seat Accent Fabric . . . . . .SAF

COM Requiring Application Test
If an application test is required for your selectred COM, send test sample material along with the following:
- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

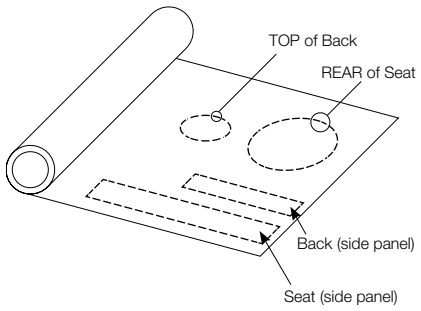

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

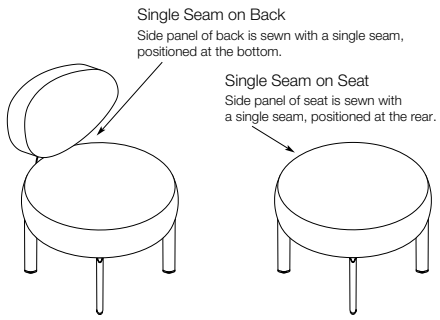

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's for OH! are railroaded unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT RAILROADED

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

OH! COM Yardage Requirements

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 10, contact Versteel Customer Service for calculation of COM yardage by chair model.

NOTE THIS CHART IS NOT APPLICABLE FOR MULTIPLE FABRICS ON ONE UNIT. CONTACT VERSTEEL CUSTOMER SERVICE FOR YARDAGE REQUIREMENTS WHEN SPECIFYING MULTIPLE FABRICS.

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Repeats and Striped Fabrics

The geometry of curved products prevents repeats and stripes from matching at the seams.

NOTE CALIFORNIA TECHNICAL BULLETIN 133 (CAL 133) COMPLIANCE HAS BEEN ESTABLISHED THROUGH THIRD-PARTY TESTING OF THE PRODUCTS. ALL CHAIRS THAT MEET CAL 133 STANDARDS WILL HAVE A LABEL ATTACHED TO THE UNDERSIDE OF THE SEAT TO MAINTAIN COMPLIANCE, THE LABEL MUST NOT BE REMOVED FROM THE PRODUCT.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Configure
Utilizing basic components (a single leg, seat, back and connector) of polished, cast aluminum, OH! is simplistic in its approach to modularity. Legs are positioned for strength and stability while connectors are used to organize the seats into configurations. By using the connector, a set distance is established between individual seats to create personal space. Plush seats, along with a curved ergonomic back option, allow users to position their bodies without interfering with their neighbors. This ensures that everyone can find their own comfort solution. Seats are generously sized and proportioned.

Because the circle is the basis for the seating series it is possible to create an infinite number of configurations, as the designer is no longer bound by a corner. Typical OH! configurations include L, T, X and Y as well as unlimited numbers of runs, arcs and serpentines.

The use of the circle eliminates any sidedness to backless configurations. The addition of a back can be used to guide users to approach sides.

Tables
Tables can be inserted at any point of any configuration for optimum flexibility.

Upholstery
Upholstery may be specified in monochromatic (single textile choice) or contrasting applications (different textiles on different parts). No contact between upholstery surfaces makes for an easy to clean and more hygienic product.

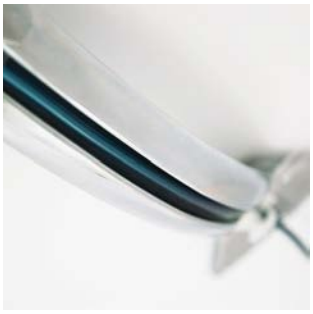

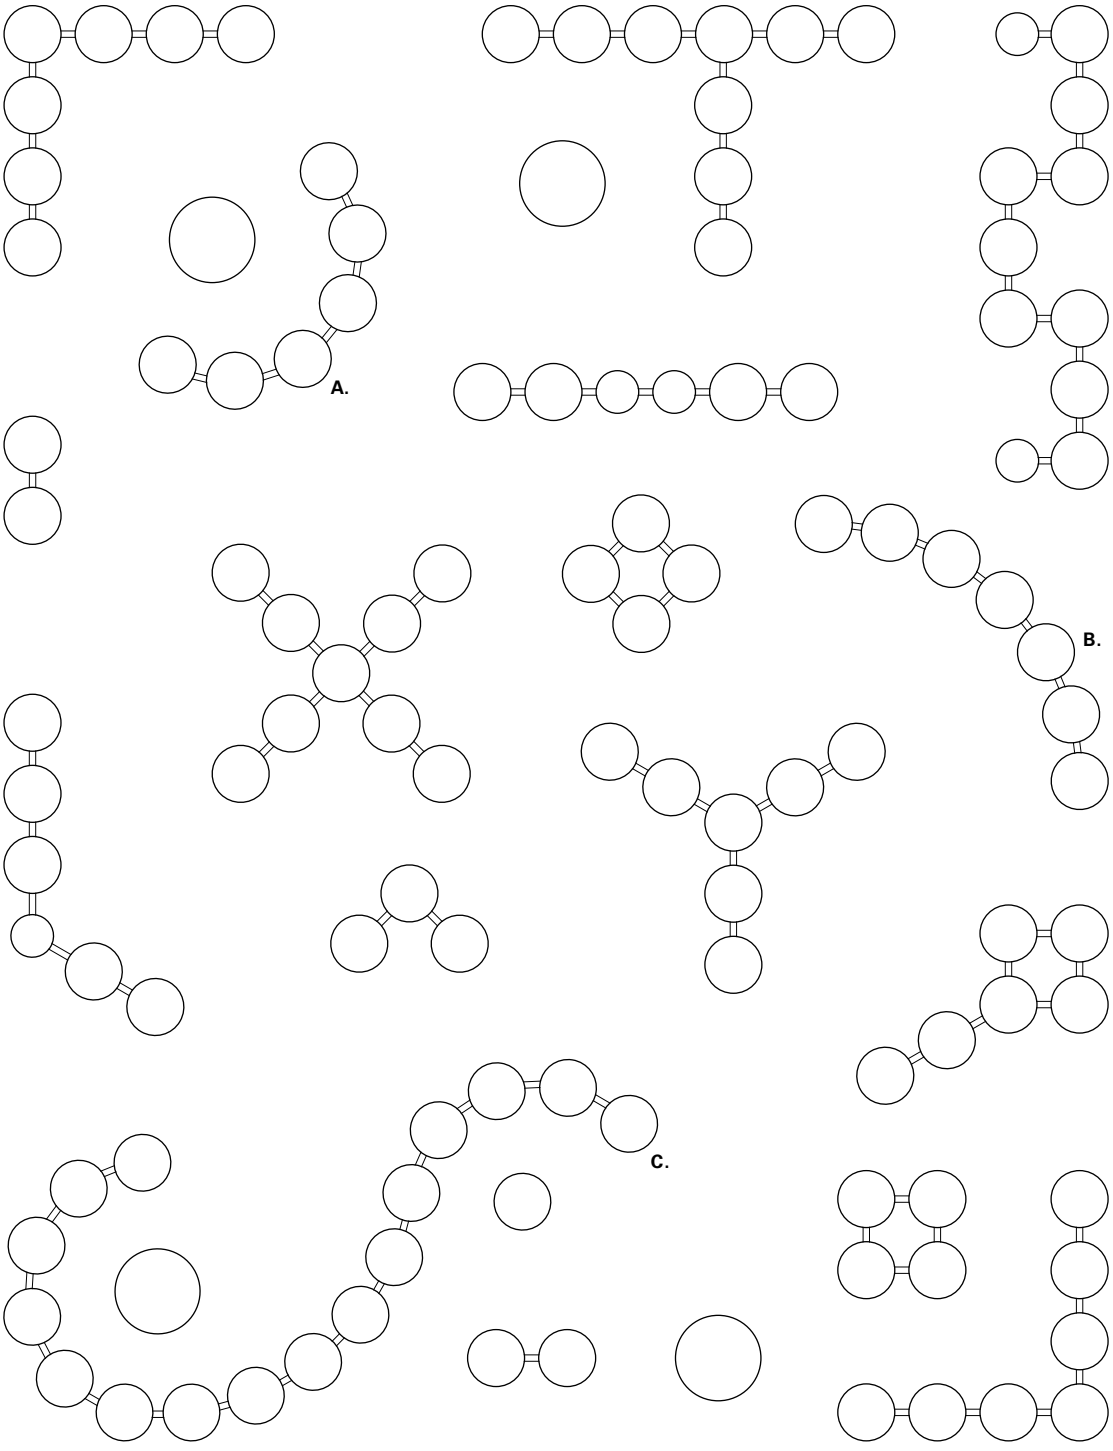

Power
The Twine corded system offers mounted, and below-surface power and USB to multiple users in a range of settings. With just one infeed, this system can power up to six (6) Mini-Tap units.

Mini-Tap power can be added to any seat as an undermount option, or to any 24" diameter table as an integrated or undermount option.

Wires seamlessly run between seats via a concealed channel located on the underside of the connector.

Additional power and data can be added to any seat as an undermount option, or any table as an integrated or undermount option.

A. 15-Degree Arc **B.** 7.5-Degree Arc **C.** Combination Arc Serpentine

Large Configurations

Versteel will help with your configuration if you have concerns. Simply call Customer Service and provide the dimensions of your space and the type of configuration you desire. Like any other space planning, it is helpful to know where the power and data sources are, as well as windows, doors, any other obstructions and proposed traffic patterns.

All configurations are priced with powder coat frames and Grade 2/COM fabric. Tops are priced with standard laminate and PVC edges.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Polished Aluminum

One piece cast aluminum legs, back supports and connectors are polished to a high gloss sheen.

Polished Aluminum. . . . . APOL

NOTE POLISHED ALUMINUM IS NOT AVAILABLE ON THE PULL UP TABLE

Chrome (available on Pull Up Table only)

Versteel applies a deep luster nickel chrome plated finish. Chrome is the most durable finish available. Specify and add $228 list each.

Chrome . . . . . ECHR

Laminates

Versteel's standard offering of laminates includes over 900 laminates from Formica, Nevamar, Pionite and Wilsonart.

Laminate manufacturers change standard offerings frequently, making it possible a standard product can become unavailable. Versteel cannot be responsible for any inconvenience this may cause.

PVC Edges

OH! laminate table edges are available with a PVC Edge.

- PVC provides hot melt application in a continuous band around the surface.

Alternative Corian® colors may be specified. Contact Customer Service for quote.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

Specify code OPA (Powder Coat Alternative), add cost from Versteel quotation

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

Specify code TSP (Special Laminate), indicate the quoted charges per table

Special laminates and patterns can be specified as an option. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Custom PVC Color Match

Call for quotation / one time charge per color, per order

Specify code OCP (Custom PVC Color Match), add cost from Versteel quotation

PVC Color Match can be the selection of a color that is available from a Versteel supplier or a new custom color developed for the order. Minimum footage requirements mean that the amount of material needed for your order will effect the cost.

For PVC Color Matching you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match will be developed and sampled for customer approval before a production schedule is established.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Veneer or Wood Edge Alternatives

For veneer or wood edge requirements other than our standard plain sliced Ash, Cherry, Maple or Walnut, contact Versteel Customer Service with the specifications of the materials you would like to specify.

NOTE VENEER OR WOOD EDGE ALTERNATIVES APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Table Top Alternatives

Table tops can be produced in alternative top material if desired. Contact Versteel Customer Service for pricing and availability.

Alternate Core Construction

Alternate core constructions are available, including medium density fiberboard (MDF), honeycomb cores and cores that contain no urea formaldehyde. Contact Versteel Customer Service for pricing and availability

A la Carte Connector

When your configuration requires an additional connector it can be ordered by specifying model number OHAC 19CTR

OHAC19CTR $113

Versteel recommends the Mini-Tap for the freestanding OH! units. Other under mount units may be specified. Contact Versteel Customer Service with questions.

The recommended location of the under mount power unit is on the lower right side as seated. Refer to diagram below. Electrical unit is shipped uninstalled and may be placed in alternate locations.

Electrical location

Mini-Tap (per unit)

Mini-Tap provides 2 outlets that can be mounted, with key slots, so as to put power near the edge of the seat. Mini-Tap is black.

SPECIFICATIONS
- Two (2) Simplexes
- Available with spill-proof Simplexes

Model	Description	
MTP-IP2X	Two (2) power	$ 135 list
MTP-IP2U	One (1) power and one (1) dual port USB charger	$ 346 list

Cord Length		
72	72" cord length, black	n/c
120	120" cord length, black	$ 19 list

Model Example: MTP-IP2X-72

Utilizing the Twine corded system up to six (6) power accessories can be sequenced with one infeed cord. Refer to diagrams and ordering information below.

NOTE: Additional configurations are available. Contact Versteel Customer Service with questions.

SPECIFICATIONS
- Finish: Black plastic
- Power & USB
- Up to 8 power outlets with multiple USB ports
- 6' power infeed cord

Above diagram shows the recommended location of sequenced under mount power units. Electrical units are shipped uninstalled and may be placed in alternate locations.

Mini-Tap (power or power/USB)

Model	Description	
OHMTPP51	Two (2) power (per unit)	$ 523 list
OHMTPU51	One (1) power and one (1) dual port USB charger (per unit)	$ 976 list

SPECIFICATIONS (per unit)
- Two (2),simplexes
- Available with spill-proof Simplexes

Model Example: OHMTPU51

Above diagram shows the recommended location of sequenced under mount power units. Electrical units are shipped uninstalled and may be placed in alternate locations.

Mini-Tap (power or power/USB)

Model	Description	
OHMTPP78	Two (2) power (per unit)	$ 535 list
OHMTPU78	One (1) power and one (1) dual port USB charger (per unit)	$ 992 list

SPECIFICATIONS (per unit)
- Two (2),simplexes
- Available with spill-proof Simplexes

Model Example: OHMTPU78

Above diagram shows the recommended location of sequenced under mount power units. Electrical units are shipped uninstalled and may be placed in alternate locations.

Mini-Tap (power or power/USB)

Model	Description	
OHMTPP105	Two (2) power (per unit)	$ 578 list
OHMTPU105	One (1) power and one (1) dual port USB charger (per unit)	$1032 list

*Due to the inherent characteristics of wood, considerable variations in wood grain and color may be visible.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Ollie. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Ollie. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

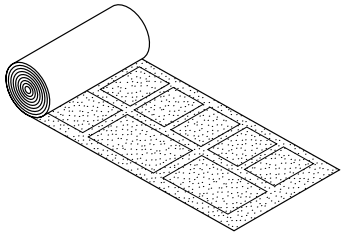

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Ollie COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 Ollies, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Ollies	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Ollie Round (fully upholstered)																				
Lid & Bottom (same fabric)	1.3	3.0	3.8	5.0	5.0	6.3	7.0	8.3	8.5	10.0	10.5	12.0	13.0	14.0	14.5	15.0	16.0	17.5	18.0	19.0
Lid (Fabric 01)	0.8	1.3	1.5	2.5	3.0	3.0	3.5	4.5	5.0	5.0	5.0	6.0	6.5	7.0	7.0	8.0	8.0	9.5	9.5	9.5
Bottom (Fabric 02)	1.0	1.5	1.5	2.5	2.5	3.0	3.0	4.0	4.5	4.5	5.0	5.0	6.0	6.0	6.5	6.5	7.5	8.0	8.0	8.5
Upholstered Back Only	1.3	1.8	2.5	3.0	4.0	4.5	5.0	5.8	6.3	6.8	8.0	8.5	9.0	9.5	10.5	11.3	11.8	12.3	13.0	14.0

Patterned COM Additional Yardage Guide

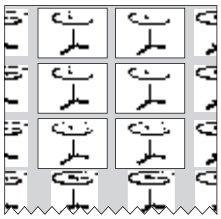

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

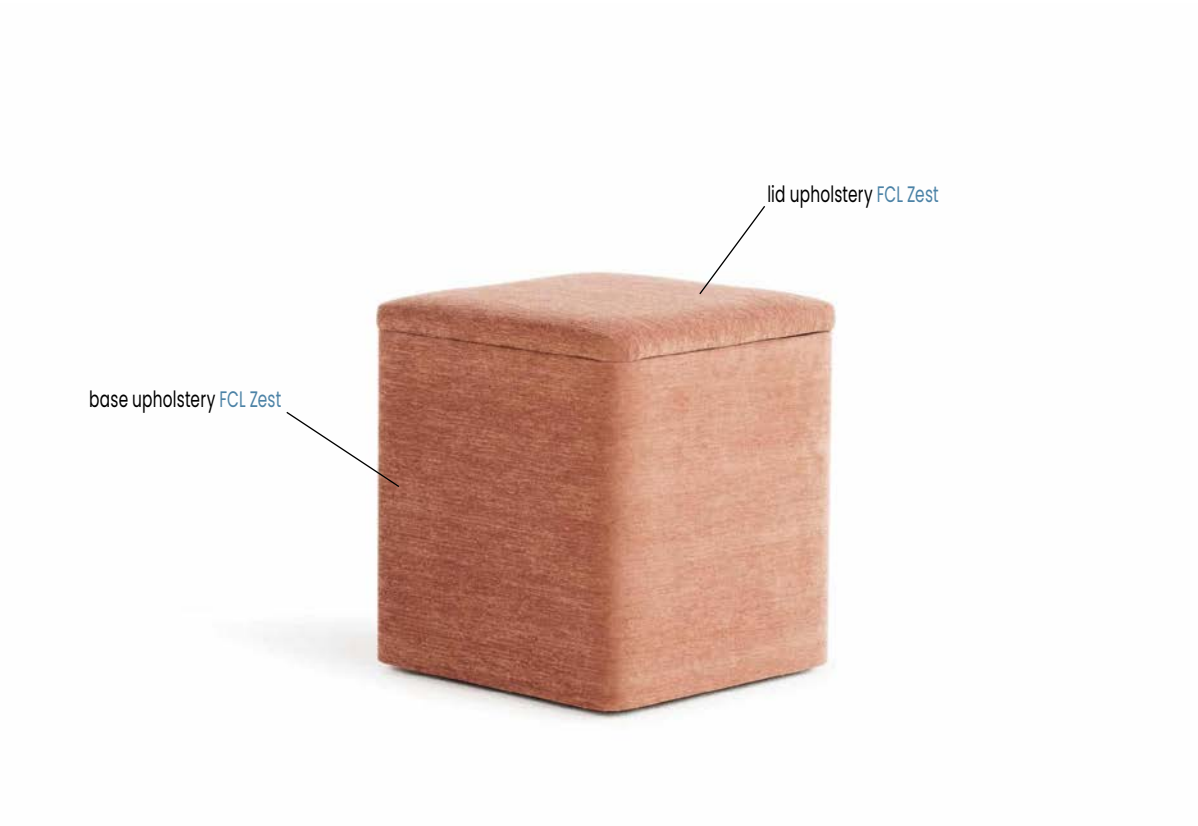

1. Model Number
2. Upholstery Selection
3. Lid Options
4. Base Options

model number		upholstery selection		additional options	
OLSQC-01	/	**FCL Zest**	/	**----**	**----**

Dual Hanging File Rods, Black (for Ollie Square Stool only) 13½" of available filing space (not adjustable)	BFR	$ 107

Specifications
Quanta is available with three base styles, 4-leg, swivel, and apex. All chairs and stools with the exception of those with an apex base are available with or without arms. 4-leg chairs can be specified with a tablet arm. Seat and back are produced using molded plywood with quarter cut Ash face.

Features
Quanta is manufactured with a rubber suspension to allow for movement. Its unique support system allows the user to move independently of the frame, allowing the seat and back to move and flow with the individual. Glides are clear polycarbonate. Casters are dual wheel two-tone nylon soft wheel. The leg design creates a wall saver for the 4-leg chairs and stools. The 4-leg chairs can be stacked on the floor or the Quanta Chair Trolley. See below for stacking information.

Stacking Information
Floor
Guest Chair (with or w/o casters). . . . . 4 (non-uph seats only)
Trolley
Guest Chair (with or w/o casters). . . . . 5 (non-uph seats only)

Shipping Schedule
All Seating 4-5 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA
All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Quanta. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Quanta. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

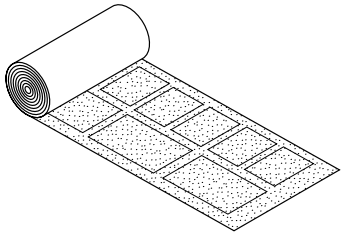

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Quanta COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Patterned COM Additional Yardage Guide

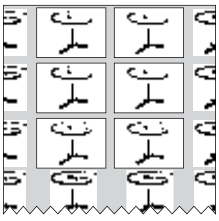

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Polyethylene Black Glides
$23 / 4-leg chair, stool or apex base
Specify code GLD19 (Polyethylene Black Glides), add $23 list per chair, stool or apex.

Glide surface is polyethylene and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code CAS31 (Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Soft Wheel (Set of 4)
$171 / chair
Specify code CAS64 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Two-Tone Nylon Hard Wheel (4)
$171 / chair
Specify code CAS32 (Casters - Dual Wheel Two-Tone Nylon Hard Wheel), add $171 list per 4-leg chair.

Two-Tone non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Two-Tone Nylon Soft Wheel (4)
$171 / chair
Specify code CAS47 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

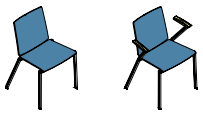

Two-Tone non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Chair Trolley - Quanta
$906 / each
*Specify code **ACTQU** (Chair Trolley - Quanta), add $906 list each*

Specifications
Quanta Max is available in 4-leg, sled, swivel, stool and beam with a shell of molded resilient polypropylene resin or quarter cut Ash formed plywood. An upholstered seat pad is available. All models, with the exception of those with wood legs or a tablet, can be ordered with or without arms. A tablet arm is available on the 4-leg and sled base chairs. Stools with a ply shell offer a mid back option.

Features
The 4-leg chairs and stools feature a steel swivel glide with a nickel cap, while the sled base chairs and stools have a polyethylene glide. The swivel chairs and stools feature dual wheel black nylon soft wheel casters. The sled chairs are stackable for compact storage. 4-Leg and sled base guest chairs can be stacked on the floor or on the Quanta Max Chair Trolley. See below for stacking information.

Stacking Information

Floor

Sled Base . . . . . 10 (6 if seats are upholstered)
Guest Chair without casters . . . . . 10 (6 if seats are upholstered)
Guest Chair with casters . . . . . 6 (4 if seats are upholstered)

Trolley

Sled Base Chair . . . . . 20 (10 if seats are upholstered)
Guest Chair with or w/o Casters . 20 (10 if seats are upholstered)

Quickship Program
Available for select products in the Quanta Max series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

Poly Shell	3-5 WEEKS
Ply Shell	3-5 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Quanta Max. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Quanta Max. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

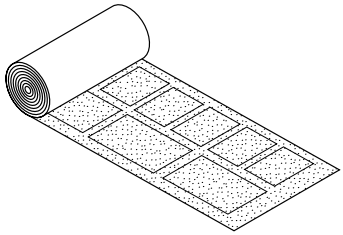

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Quanta Max COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Quanta Max																				
Upholstered Seat Only	1.0	1.5	1.5	2.0	2.5	2.5	3.5	3.5	4.0	4.0	4.5	4.5	5.0	5.5	5.5	6.0	6.5	6.5	7.0	7.5

Patterned COM Additional Yardage Guide

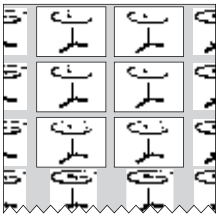

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Shell Color/Finish
3. Frame Color
4. Swivel Base Color
5. Wood Leg Finish
6. Upholstery Selection
7. Frame Options

model number		finish selections				options
QUHDSA-06	/	**YCOB**	/ **PALY**	/ **VVA Calico**	/	**____**
model number		shell color	frame color	upholstery selection		chair frame options

A **QUHDSA-06** is a Quanta Max series, sled base chair with arms, upholstered seat, poly back and poly armcaps.

The codes **YCOB / PALY / VVA Calico** specify a Cobalt poly shell with an Alloy frame and Grade 3 Vanguard CV Calico upholstery.

Model Number QUHDSA-06

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process $165

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Powder Coat Alternative . OPA

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . ENKL

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Poly Shell Alternative

Call for quotation

*Specify code **OPS** (Poly Shell Alternative), add cost from Versteel quotation*

For Poly Shell Alternative, you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match can be developed. Minimum order quantities exist for alternative colors. Call Versteel Customer Service for minimums and associated upcharges on Poly Shell Alternatives.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Special Laminate

Call for quotation

*Specify code **TSP** (Special Laminate), indicate the quoted charges per table*

Special laminates and patterns can be specified as an option. To specify, contact Versteel for availability and pricing.

NOTE LAMINATES IN STANDARD COLORS AND TEXTURES FROM FORMICA, NEVAMAR, PIONITE AND WILSONART ARE STANDARD

CAUTION LAMINATE MANUFACTURERS CHANGE STANDARD OFFERINGS FREQUENTLY, AND IT IS POSSIBLE THAT A STANDARD PRODUCT CAN BECOME UNAVAILABLE. VERSTEEL CANNOT BE RESPONSIBLE FOR ANY INCONVENIENCE THIS MAY CAUSE.

Custom PVC Color Match

Call for quotation / one time charge per color, per order

*Specify code **OCP** (Custom PVC Color Match), add cost from Versteel quotation*

PVC Color Match can be the selection of a color that is available from a Versteel supplier or a new custom color developed for the order. Minimum footage requirements mean that the amount of material needed for your order will effect the cost.

For PVC Color Matching you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match will be developed and sampled for customer approval before a production schedule is established.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available for veneer and wood edged tops.

For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Veneer or Wood Edge Alternatives

For veneer or wood edge requirements other than our standard plain sliced Ash, Cherry, Maple or Walnut, contact Versteel Customer Service with the specifications of the materials you would like to specify.

NOTE VENEER OR WOOD EDGE ALTERNATIVES APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Wood Finish Alternatives

Versteel finish has a natural grain fill level finish appearance, contact Versteel Customer Service for alternative fill levels. Coarse grain will require additional application steps for a full-fill grain appearance and will require a quote.

NOTE WOOD FINISH ALTERNATIVE APPROVAL MAY AFFECT STANDARD PRODUCTION SCHEDULES

Hard Surface Glides - Nylon (set of 4)
$23 / chair or stool
Specify code GLD30 (Hard Surface Glides - Nylon), add $23 list per chair or stool.

Glide surface is nylon and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Hard Surface Glides - Felt (set of 4)
$23 / chair or stool
Specify code GLD31 (Hard Surface Glides - Felt), add $23 list per chair or stool.

Glide surface is felt and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Felt Hard Surface Replacement Caps (set of 4)
$23 / chair or stool
Specify code ABGFRC (Felt Hard Surface Replacement Caps), add $23 list per chair or stool

Felt replacement caps for felt hard surface glides.

Accessory Glide Replacement Tool
$26 / tool
Specify code AGRT (Accessory Glide Replacement Tool), add $26 list per tool

Use to remove worn felt hard surface glide caps.

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code CAS63 (Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Casters - Non-Locking Dual Wheel Black Nylon Soft Wheel (Set of 4)
$171 / chair
Specify code CAS59 (Casters - Dual Wheel Black Nylon soft Wheel), add $171 list per 4-leg chair.

Black non-locking dual wheel, 2" diameter soft wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Chair Link - Quanta Max
$32 / chair
Specify code ACLHD (Chair Link - Quanta Max) add $32 list per chair

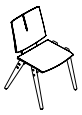

Link will ship installed on chair when specified on order.

Chair Trolley - Quanta Max
$906 / each
Specify code ACTHD (Chair Trolley - Quanta Max), add $906 list each

Rai stools were designed for use in healthcare applications to encourage doctors to sit with patients and build rapport. It is a simple and clean design that features a fully enclosed oval profile leg with full profile black end cap glides. The seat is 14" in diameter with 1/4" radius edge. It has a 1" thick fully upholstered seat with a fully covered bottom. Stools are available in 18", 24", and 30" heights.

Shipping Schedule

Stools	4 WEEKS
Quickship	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the beginning pages of this price list.

Quickship Program

Available for select products in the Rai series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or canceled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyl for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for reference information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Rai. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Rai. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following:
- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

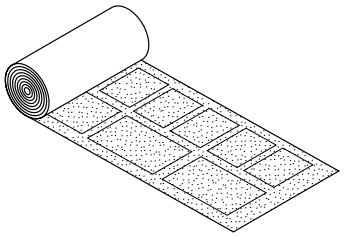

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT "UP THE ROLL"

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Rai COM Yardage Requirements

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 7, contact Versteel Customer Service for calculation of COM yardage by chair model.

Quantity	1	2	3	4	5	6	7	8	9	10
Stool	1.0	1.5	1.5	2.0	2.0	2.5	2.5	3.5	3.5	4.0

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Repeats and Striped Fabrics

The geometry of curved products prevents repeats and stripes from matching at the seams.

NOTE CALIFORNIA TECHNICAL BULLETIN 133 (CAL 133) COMPLIANCE HAS BEEN ESTABLISHED THROUGH THIRD-PARTY TESTING OF THE PRODUCTS. ALL CHAIRS THAT MEET CAL 133 STANDARDS WILL HAVE A LABEL ATTACHED TO THE UNDERSIDE OF THE SEAT TO MAINTAIN COMPLIANCE, THE LABEL MUST NOT BE REMOVED FROM THE PRODUCT.

Powder Coat Alternative OPA

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

Specify code OPA (Powder Coat Alternative), add cost from Versteel quotation

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Specifications

Sate is available in 4-leg guest, stool and swivel base styles with a molded resilient polypropylene resin or veneer shell. All can be specified with or without arms. Polypropylene armcaps are available in three colors. An upholstered seat pad can be specified on all models. 4-leg chairs are also available with a tablet arm.

Features

The clean design of the chair features a flex motion and innovative frame that allows for continual user support. 4-leg chairs and stools are standard with polyethylene glides. The die cast aluminum 5-star base incorporates dual wheel black casters. 4-leg chairs are lightweight and easy to stack on the floor or on the Sate Chair Trolley for a more efficient use of space. See below for stacking information.

Stacking Information

Floor

Guest Chair (w/o Casters) . . . . . 10 (6 if seats are upholstered)
Guest Chair (w/Casters). . . . . 6 (4 if seats are upholstered)

Trolley

Guest Chair (with or w/o Casters) 20 (10 if seats are upholstered)

Shipping Schedule

Poly Shell	3-5 WEEKS
Ply Shell	3-5 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Sate. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Sate. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

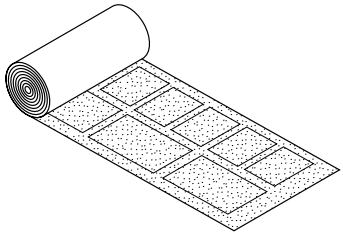

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Sate COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Sate																				
Upholstered Seat Only	1.0	1.5	1.5	2.0	2.5	2.5	3.5	3.5	4.0	4.0	4.5	4.5	5.0	5.5	5.5	6.0	6.5	6.5	7.0	7.5

Patterned COM Additional Yardage Guide

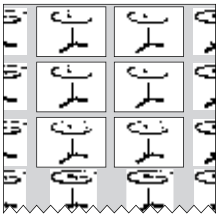

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Shell Color
3. Frame Color
4. Swivel Base Color
5. Upholstery Selection
6. Frame Options

model number		finish selections						options
STRSVA-01	/	**WESW**	/ **PWHL**	/ **PWHL**	/ _____	/		____
model number		shell color	frame color	swivel base color	upholstery selection			chair frame options

A **CES-04** is a Chela series, armless sled base chair with an upholstered seat.

The codes **WESW / PWHL / PWHL** specify an Espresso Walnut shell with a White Linen frame and a White Linen swivel base color.

Model Number STRSVA-01

Sate Shells

Sate poly shells are molded with resilient, flexible polypropylene resins with a satin textured surface. Sate wood shells are composed of high-density hardwood ply such as Birch, Beech or Maple, which is then molded with veneer. Standard veneer exterior is Maple.

Wood Finish

Versteel uses a post-catalyst varnish NDF topcoat that meets AWI (Architectural Woodwork Institute) TR6 performance standards.

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process $165

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . ENKL

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Poly Shell Alternative

Call for quotation

*Specify code **OPS** (Poly Shell Alternative), add cost from Versteel quotation*

For Poly Shell Alternative, you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match can be developed. Minimum order quantities exist for alternative colors. Call Versteel Customer Service for minimums and associated upcharges on Poly Shell Alternatives.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Casters - Non-Locking Dual Wheel Black Nylon Hard Wheel (Set of 4)
$171 / chair
Specify code **CAS51** *(Casters - Dual Wheel Black Nylon Hard Wheel), add $171 list per 4-leg chair.*

Black non-locking dual wheel, 2" diameter hard wheel casters may be specified on the 4-leg guest chair. Please refer to the individual pricing pages for availability. Caster option must be specified at the time of the order and does not change the chair seat height.

Specifications
The 4-leg SIMON series consists of guest chairs, stools and tablet arm chairs. Guest chairs can be specified with or without casters. All guest chairs and stools are available with or without arms. Chairs and stools have polypropylene armcaps when arms are specified. SIMON can be specified with a molded resilient polypropyene resin seat and back, a rotary cut maple wood back, an upholstered seat or an upholstered seat and back. 4-leg guest chairs and stools are available with or without arms. All chairs can be specified with or without casters.

Features
Synchronized seat and back movement provide the right amount of support through the full range of recline motion. Chairs and stools with glides or chairs with casters can be nested in any quantity. Chairs with glides can be stacked on the floor or on the SIMON Chair Trolley. See below for stacking information.

Stacking Information

Floor
Guest Chair with glides 5

Trolley
Guest Chair with glides 5

Quickship Program
Available for select products in the SIMON series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or canceled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

Poly Shell	3-5 WEEKS
Wood Back	3-5 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on SIMON. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on SIMON. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

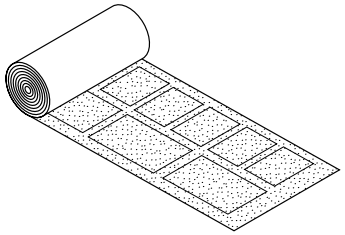

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

SIMON COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
SIMON Chairs and Stools With or Without Arms																				
Upholstered Seat & Back	1.5	2.5	3.0	4.0	5.0	5.5	6.5	7.5	8.0	9.0	9.5	10.5	11.0	12.0	13.0	14.0	15.0	16.0	17.0	18.0
Upholstered Seat Only	1.0	1.5	1.5	2.5	3.0	3.0	3.5	4.5	4.5	5.0	5.0	6.0	6.5	7.0	7.0	8.0	8.0	9.5	9.5	9.5

Patterned COM Additional Yardage Guide

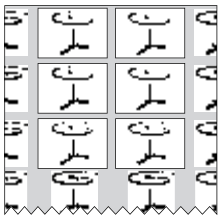

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Shell Color
2. Frame Color
3. Wood Finish

SIMON Poly Shell, Armcaps, Leg Cover and Glide

The SIMON chair seat, back, armcaps and leg covers are molded with resilient, flexible, polypropylene resins with a satin textured surface. Unless otherwise specified, all SIMON poly parts (including glides) are issued to match the seat and/or back poly color.

SIMON Poly Shell Colors

Alloy (Galaxy Pattern) . . . YALY	Quarry . . . . . YQUA

Forest . . . . . WFOR	

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . $165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Chrome

Versteel applies a deep luster chrome plated finish. Chrome is the most durable finish available.

Chrome . . . . . ECHR

For Chrome, an upcharge applies (see product pricing pages for upcharge).

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Poly Shell Alternative

Call for quotation

*Specify code **OPS** (Poly Shell Alternative), add cost from Versteel quotation*

For Poly Shell Alternative, you must supply a color reference sample. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists, a custom match can be developed. Minimum order quantities exist for alternative colors. Call Versteel Customer Service for minimums and associated upcharges on Poly Shell Alternatives.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Chair Link - SIMON

$52 / chair

*Specify code **ACLSM** (Chair Link - SIMON), add $52 list per chair*

Link can be field installed without the use of tools.

Book Basket - SIMON

$206 / basket

*Specify code **BSM** (Book Basket - SIMON) add $206 list per chair*

The SIMON book basket is made of formed resistance welded wire. Finish is Chrome unless otherwise specified. Inside dimensions are 19⅜"w x 11$^{11}/_{16}$"d x 4⅛"h.

Oversized Book Basket - SIMON

$231 / basket

*Specify code **BOSM** (Oversized Book Basket - SIMON) add $231 list per chair*

The oversized SIMON book basket is made of formed resistance welded wire. Finish is Chrome unless otherwise specified. Inside dimensions are 20"w x 17$^{15}/_{16}$"d x 4⅛"h.

Chair Trolley - SIMON

$894 / each

*Specify code **ACTSI** (Chair Trolley - SIMON), add $894 list each*

SIMON upholstered or poly chairs stack 5 high. Trolley with push handle and stack of 5 chairs measures approximately 24"w x 36"d a 57"h.

STACKING INFORMATION - SIMON ALL SIMON CHAIRS WITH GLIDES (EXCEPT TABLET ARM) STACK 5 HIGH ON THE FLOOR AND 5 HIGH WHILE ON THE SIMON CHAIR TROLLEY. TROLLEY IS INTENDED FOR USE WITH SIMON GLIDE BASE CHAIRS. SIMON CHAIRS WITH CASTERS DO NOT STACK.

Socius has a modern aesthetic that lends itself to healthcare and corporate areas. Collection includes mid or high back chairs, easy access, bariatric and tandem seating.

Features

Flex back is standard on the mid and high back guest chairs as well as the 26' and 30' bariatric models. Chairs can be ordered with or without urethane armcaps. All Socius chairs including those with a flex back are a wall saver and have high-density polyethylene glides. Built with heavy duty construction and materials for durability, all Socius chairs withstand a static load of over 1200 pounds.

Tandem

Mid back tandem seating can be specified in two or three seat combinations of guest size seats along with 26", 30" and 42" bariatric seats. Only one bariatric seat can be used with each combination. Tandem Seating with a high back can be specified in combinations of two or three guest size seats. All tandem units, with the exception of the 42" bariatric seat, feature the flex back.

Shipping Schedule

Standard Items

Upholstered	4-5 WEEKS

Contact Versteel for special lead time requests.

BIFMA

All Versteel products are constructed to pass the relevant ANSI/ BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found on pages 2-6 of the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards, upholstery options pages in the All Seating price list, or the "Materials and Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

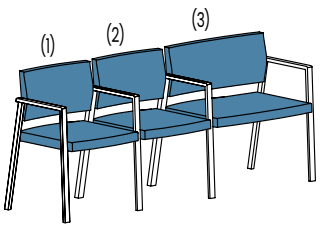

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Socius. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Socius. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

Fabric Positions
Each position of a Tandem Socius unit can have a different fabric. These fabric positions are specified from left to right as you are facing the unit.

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

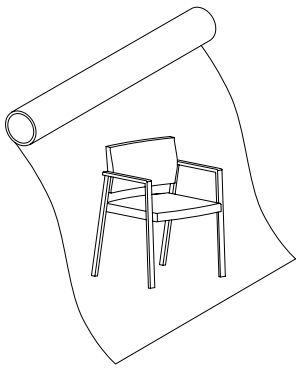

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the cutomer (see illustration below).

EXAMPLE PATTERN CUT "UP THE ROLL"

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Socius COM Yardage Requirements

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 15 chairs or 10 bariatric chairs, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Socius															
Patient Mid Back	2.5	4.0	5.5	7.0	8.0	10.0	11.5	13.0	15.0	16.5	17.5	18.5	19.5	21.5	23.5
Patient High Back	3.0	4.0	6.0	8.0	9.0	11.0	12.0	14.0	17.0	18.0	19.5	20.5	22.5	24.0	26.5

Patterned COM Additional Yardage Guide

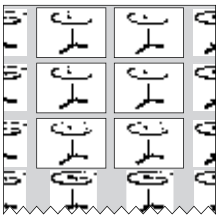

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5″ vertical repeat plus an 11″ horizontal repeat gives a 16″ total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54″ wide fabric and the pattern has a repeat of 11″ horizontal and 5″ vertical. Add up the repeats (11″ + 5″ = 16″) and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striation (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Powder Coat Alternative .OPA

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . .ENKL

Socius Urethane Armcaps

Socius armcaps are molded with soft urethane.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Custom Urethane Edge

Call for quotation / one time charge per color, per order

*Specify code **OCU** (Custom Urethane Color Match), add cost from Versteel quotation*

For Urethane Color Matching you must supply a color reference sample. A custom match will be developed and sampled for customer approval before a production schedule is established.

Maker Utility Stool Construction + Finish
Seats are 1" thick Birch plywood with a Clear Gloss or Clear Matte finish. Alternate Wood Finishes are available with an upcharge. ABS knock in glides. Stools are available in 18", 24" and 29" fixed and adjustable heights. The Adjustable height stools have a maximum height adjustment of 1 ½".

Maker Utility + Maker A Bench Construction
The Maker Project Utility and Maker A Maple butcher block benches are 1 ¾" thick, constructed with kiln-dried, uniform-width staves face-glued in a continuous length pattern. The seat height for the bench is 18". Upholstered seat cushions may be ordered for the Maker Utility bench. If desired the Maker A bench may be specified with a fully upholstered seat.

Maker Chair + Stool Construction
The Maker Project Maple butcher block chair and stool seat and back are 1" thick, constructed with kiln-dried, uniform-width staves face-glued in a continuous length pattern. The ¾" square tube frame has ABS knock in glides. The seat height for the chair is 18" with two stool seat heights of 24" and 29".

Finish + Sheen
The Maple butcher block bench, chair and stools are standard with a Clear Gloss or Clear Matte finish. Alternate wood finishes are available. An upcharge will apply when an alternate wood finish is specified.

Quickship Program
Available for select products in The Maker Project series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Shipping Schedule

Standard Items

Tables + Benches	5 WEEKS
Stools	3 WEEKS
Seating	3-4 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/ BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found on pages 2-6 of the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on The Maker Project. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on The Maker Project. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

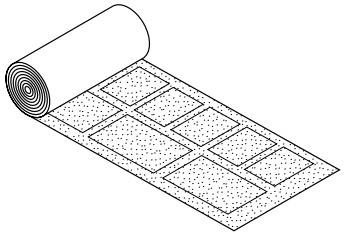

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Maker COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Units	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Patterned COM Additional Yardage Guide

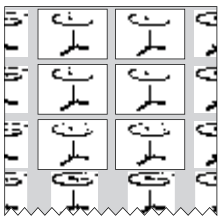

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Wood Finish
3. Frame Color
4. Upholstery Selection

model number		finish selections				additional options
MKL-67S24	/	**MCL2**	/ **PCRY**	**-------**	/	**----**
model number		wood finish	frame color	upholstery selection		additional options

A **MKL-67S24** is a The Maker Project series utility stool with a static seat, 24" seat height.

The codes **MCL2 / PCRY** specify a Clear Matte wood finish with a Crystal frame color.

Model Number MKL-67S24

Metal Processing

Studio Steel® is Versteel's "urban fabrication" process which leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Powder Coat Alternative . OPA

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Specifications
4-leg base, armless with a quarter cut ash formed plywood shell. Available with a wood seat and back or with an upholstered seat pad.

Features
Thea chairs feature a keyhole back, waterfall seat and elliptical legs with round polycarbonate glides.

Shipping Schedule

All Seating	4-5 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Thea. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Thea. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

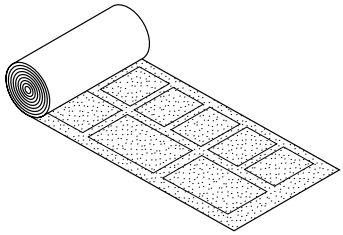

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Thea COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Thea																				
Upholstered Seat Only	1.0	1.5	1.5	2.0	2.5	2.5	3.5	3.5	4.0	4.0	4.5	4.5	5.0	5.5	5.5	6.0	6.5	6.5	7.0	7.5

Patterned COM Additional Yardage Guide

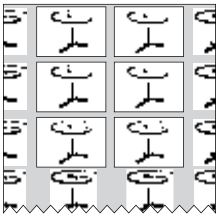

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Troupe seating was designed to be used with Troupe Gathering or Troupe Inline tables, however its design allows it to be paired with many Versteel table series.

Construction
Seats are 14" in diameter with a 1" thick Birch plywood Matte or Clear Gloss finish. Alternate Wood Finishes are available with an upcharge. Stools and benches have threaded glides with a nylon base. Stools are available in 18", 24" and 30" heights. The bench, available in 48", 60" and 72" lengths, has a seat height of 18".

Shipping Schedule

Stools	4 WEEKS
Benches	4 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Quickship Program
Available for select products in the Troupe series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards, upholstery options pages in the All Seating price list, or the "Materials and Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Troupe. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Troupe. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

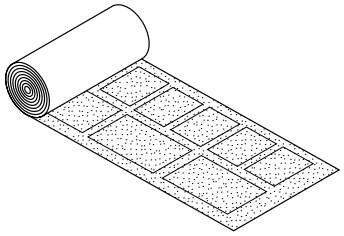

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Troupe COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
Stool	1.0	1.0	1.0	1.0	1.0	1.5	2.0	2.0	2.5	2.5	2.5	3.0	3.0	3.0	3.5	3.5	3.5	4.0	4.0	4.0
48" Bench	2.0	2.0	4.0	4.0	4.0	6.0	6.0	6.0	8.0	8.0	8.0	10.0	10.0	10.0	12.0	12.0	12.0	14.0	14.0	14.0
60" Bench	2.0	2.0	4.0	4.0	4.0	6.0	6.0	6.0	8.0	8.0	8.0	10.0	10.0	10.0	12.0	12.0	12.0	14.0	14.0	14.0
72" Bench	2.5	2.5	5.0	5.0	5.0	7.5	7.5	7.5	10.0	10.0	10.0	12.5	12.5	12.5	15.0	15.0	15.0	17.5	17.5	17.5

Patterned COM Additional Yardage Guide

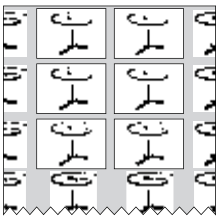

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

1. Model Number
2. Wood Finish
3. Frame Color
4. Upholstery Selection

model number	finish selections			
TPL-67S30	/ **MCL2**	/ **PPOP**	/ **____**	
model number	finish color	frame color	upholstery selection	

A TPL-67S30 is a Troupe series stool. 30" tall with a wood seat.

The codes MCL2 / PPOP specify a Clear Matte finish with a Poppy frame.

Model Number TPL-67S30

Specifications
Zayn 4-leg guest chairs, lounge chairs and stools are constructed from a steel tube frame with a reconstituted Quarter-Cut Ash plywood shell and molded polyurethane foam. Guest and lounge chairs are available with or without arms. All stools are armless and are available in either 24" or 30" seat heights.

Features
Arms have solid lumber armcaps. Guest chairs and lounge chairs are standard with high density polyethylene glides or can be specified with casters. All stools have high density polyethylene glides. A back stitch detail can be specified, see the options page for more information.

Shipping Schedule

All Seating	6 - 8 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Zayn. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Zayn. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

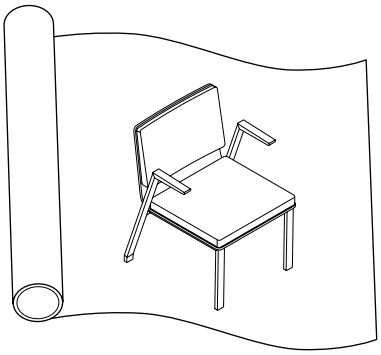

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's for Zayn are railroaded unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT RAILROADED

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Zayn COM Yardate Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 10, contact Versteel Customer Service for calculation of COM yardage by chair model.

Quantity of Units	1	2	3	4	5	6	7	8	9	10
Chair & Stool										
Upholstered Seat & Back	2.0	3.0	3.5	4.5	5.5	6.5	7.0	9.5	10.0	11.5
Lounge										
Upholstered Seat & Back	2	4	4.5	5.5	7.5	8	8.5	11	12.5	13

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	**Plain Fabric**	**3" - 14" Repeat**	**15" - 19" Repeat**	**20" - 27" Repeat**	**28" - 36" Repeat**	**37" - 45" Repeat**	**46" - 54" Repeat**
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . $165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Specifications

Zuri chairs and stools are available with 4-legs or sled base. All chairs and stools, with the exception of the low back stool, can be ordered with or without arms. Shell cores are composed of high-density hardwood ply such as birch, beech or maple, which is then molded with veneer. Zuri standard exterior veneer is Maple. Shell edges are left natural and exposed. The molded plywood shell can be specified fully upholstered or with a veneer face. The veneer face can be specified in veneer finish or in a Benjamin Moore Paint color. An upholstered seat pad is available on veneer chairs and stools. It is not available on the low back stool.

Features

The 4-leg chairs and stools feature nickel plated steel glides, while the sled base chairs and stools have polycarbonate glides. Chairs are stackable for compact storage. 4-Leg and sled base guest chairs can be stacked on the floor or on the Zuri Chair Trolley. Stools can be stacked on the floor only. See below for stacking information.

Stacking Information

Floor

Sled Base . . . . . 4 (4 if seats are upholstered)
Guest Chair . . . . . 4 (4 if seats are upholstered)
Stool. . . . . .2 or 3 (floor only)

Trolley

Sled Base Chair . . . . . 12 (6 if seats are upholstered)
Guest Chair . . . . . 12 (6 if seats are upholstered)

Shipping Schedule

Veneer Shell	4-5 WEEKS
Upholstered	3-5 WEEKS

Contact Versteel Customer Service for special lead time requests.

NOTE CHAIR ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

NOTE ZURI HAS A MINIMUM ORDER QUANTITY OF TWELVE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

Standard Versteel Upholstery
Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery
Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material
Customer's Own Materials (COM's) are not an issue on Zuri. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval
Not all materials are suitable for upholstery on Zuri. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM
Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test
If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:
Versteel
2332 Cathy Lane
Jasper, IN 47546

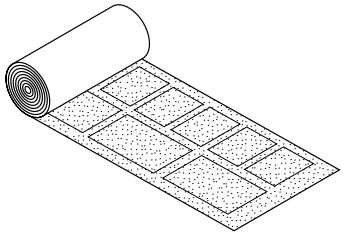

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics
Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Zuri COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than what is listed below, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Chairs or Stools	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Patterned COM Additional Yardage Guide

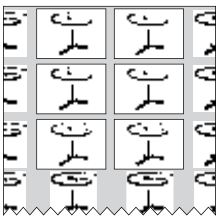

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

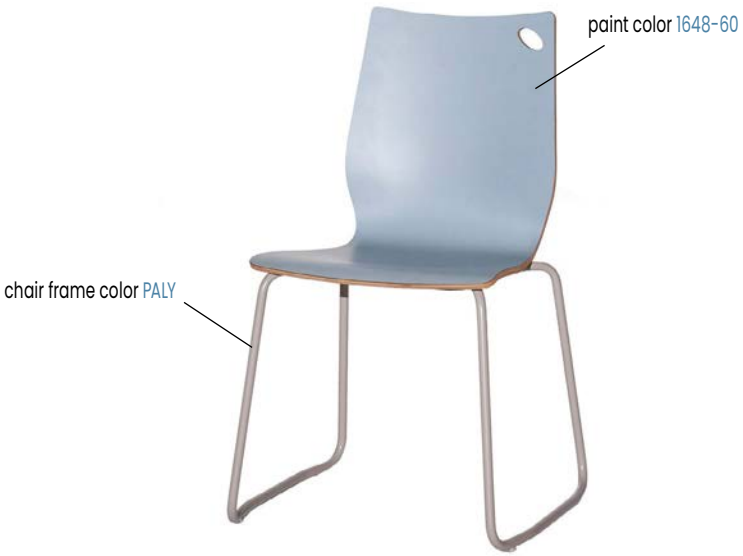

1. Model Number
2. Frame Color
3. Veneer Finish/Paint or Upholstery Selection
4. Additional Options

model number		finish selections				additional options
ZUSV-07	/	**PALY**	/	**1648-60**	/	**----**
model number		frame color		laminate, veneer or upholstery selection		additional options

A ZUSV-07 is a Zuri series, armless sled base chair with a painted seat and back.

The codes PALY / 1648-60 specify an Alloy frame and Benjamin Moore Slate Blue 1648-60 paint color.

Model Number ZUSV-07

Studio Steel®

Versteel's "urban fabrication" process leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Studio Steel Process . . . . . .$165 per chair

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ◆)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by Ⓟ)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Plated

Versteel offers two plated options: Chrome and Nickel. Chrome is our most durable finish available and is a deep luster chrome plated finish. Nickel is a plated finish with a clear coat applied for durability. An upcharge applies for plated finishes. See product pricing pages for upcharge.

Chrome . . . . . ECHR
Nickel . . . . . .ENKL

Zuri Shells

Shell cores are composed of high-density hardwood ply such as birch, beech or maple, which is then molded with veneer. Zuri standard exterior veneer is Maple. Veneer shells can be specified in a standard Versteel Wood Finish or with a Benjamin Moore paint color which is applied to the outer surface of the shell. A topcoat is applied for added durability when a paint color is specified. Shell edges are left natural and exposed.

Standard Versteel Upholstery

Versteel offers a wide range of materials from fabrics in a variety of colors and textures, to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials and Finishes" section of our website for reference information. versteel.com

Wood Finish

Versteel uses a post-catalyst varnish NDF topcoat that meets AWI (Architectural Woodwork Institute) TR6 performance standards.

Powder Coat Alternative

Call for quotation

*Specify code **OPA** (Powder Coat Alternative), add cost from Versteel quotation*

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match

$996 / one time charge per finish, per order

Specify code OSM (Stain Finish Match), add $996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Hard Surface Glides - Nylon (set of 4)
$23 / chair or stool
Specify code GLD30 (Hard Surface Glides - Nylon), add $23 list per chair or stool.

Glide surface is nylon and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Hard Surface Glides - Felt (set of 4)
$23 / chair or stool
Specify code GLD31 (Hard Surface Glides - Felt), add $23 list per chair or stool.

Glide surface is felt and designed for use on hard surface flooring. See individual product pages for availability and ordering code.

Felt Hard Surface Replacement Caps (set of 4)
$23 / chair or stool
Specify code ABGFRC (Felt Hard Surface Replacement Caps), add $23 list per chair or stool

Felt replacement caps for felt hard surface glides.

Accessory Glide Replacement Tool
$26 / tool
Specify code AGRT (Accessory Glide Replacement Tool), add $26 list per tool

Use to remove worn felt hard surface glide caps.

Chair Trolley - Zuri
$906 / each
Specify code ACTZU (Chair Trolley - Zuri), add $906 list each

Zuri 4-Leg (with or without casters) or Sled chairs stack 12 high. Trolley with push handle and stack of 12 chairs measures approximately 27"w x 50"d x 77"h.

STACKING INFORMATION - ZURI CHAIRS STACK 4 HIGH ON THE FLOOR. STOOLS STACK 2 OR 3 HIGH ON THE FLOOR (NONE ON THE TROLLEY).

The Versteel seating, tables, casegoods and components listed in this catalog may be covered in whole or in part by the following active or pending patents and other patents pending in the United States or Canada:

U.S. Active or Pending Patents: 7,849,804; 7,850,241; 8,122,837; 8,297,208; 8,869,715; 9800037; 10,213,015; 11,432,645; 12,331,768.

U.S. Design Patents: D688,075; D786591; D792,718; D862,102; D948,259.

Canada Active or Pending Patents: 2,579,494; 2,600,629; 2,707,148; 2,731,261; 2,760,476; 2,922,333; 3,113,625.

Canadian Design Patents: 176,530; 198,325.

Trademarks ™ ®

Versteel and the Versteel logo are registered trademarks of Ditto Sales, Inc. dba Versteel in the United States, United Kingdom and Canada. Other registered trademarks of Versteel include: Aerie, Arvo, Brattice, Cat's Paw, Chela and Chela designs, Curvare, Elements Conference, Equip, GeoMetrix, Henri, Immix, Interplay, Looksee, ODIS, Paces, Power Bay, Powerlink, Quanta, Rover, Seating in Motion, SIMON, Studio Steel, Tables in Motion, The Maker Project, Thea, TIM, TOD, Training on Demand, Troupe, Tuscany, Uno, Vela, Versteel seating logo, Versteel table logo, Wavelink and Wavelink logo, Wordplay, Zayn, Zuri.

BIFMA

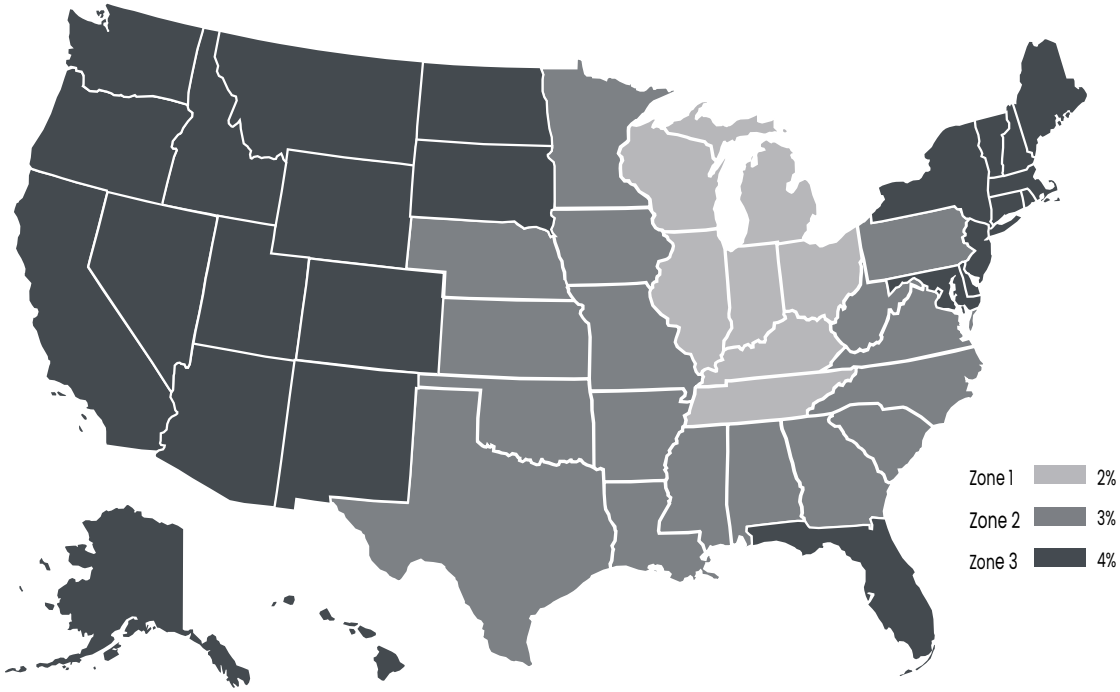

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found in the All Seating price list.

For further information about any Versteel product, please visit our website or contact a Versteel Customer Service Representative at 800.876.2020 or 813.634.2120.

All other trademarks and registered trademarks are the property of their respective owners.

Any rights not expressly granted herein are reserved.

* Percentage rates for **Alaska** and **Hawaii** are to Port of Exit in the 48 contiguous states.

Freight Program
Normal delivery is on a dock-to-dock basis, F.O.B. Versteel's factory in Jasper, Indiana. Orders within the 48 contiguous United States will be assessed a freight charge based on a percentage of the total list price, or a flat rate of $300, whichever is greater. Using the zone map above apply the appropriate percentage to the total list to determine freight cost. Special requests such as inside delivery, "call before," etc. should be noted on the customer's purchase order and are subject to additional charges. Contact Versteel Customer Service regarding freight quotes for shipments to Canada, a minimum charge of $400 will apply.

Oversize Shipping Fee
Orders received for items or tops greater than 94" in length will receive a $250 net oversized shipping fee per order. Fee not applied to orders with multi-piece tops where each section is less than 94" in length.

All prices are delivered list price effective with date printed on cover and supersedes all other published price lists. Versteel reserves the right to change prices or specifications without prior notice. Orders are accepted subject to price prevailing at time of shipment.
