VERSTEEL

Maker Utility Stool Construction + Finish

Seats are 1" thick Birch plywood with a Clear Gloss or Clear Matte finish. Alternate Wood Finishes are available with an upcharge. ABS knock in glides. Stools are available in 18", 24" and 29" fixed and adjustable heights. The Adjustable height stools have a maximum height adjustment of 1 1/2".

Maker Utility + Maker A Bench Construction

The Maker Project Utility and Maker A Maple butcher block benches are 1 3/4" thick, constructed with kiln-dried, uniform-width staves face-glued in a continuous length pattern. The seat height for the bench is 18". Upholstered seat cushions may be ordered for the Maker Utility bench. If desired the Maker A bench may be specified with a fully upholstered seat.

Maker Chair + Stool Construction

The Maker Project Maple butcher block chair and stool seat and back are 1" thick, constructed with kiln-dried, uniform-width staves face-glued in a continuous length pattern. The 3/4" square tube frame has ABS knock in glides. The seat height for the chair is 18" with two stool seat heights of 24" and 29".

Finish + Sheen

The Maple butcher block bench, chair and stools are standard with a Clear Gloss or Clear Matte finish. Alternate wood finishes are available. An upcharge will apply when an alternate wood finish is specified.

Quickship Program

Available for select products in The Maker Project series, see pricing pages.

The Versteel Quickship Program consists of up to 50 tables, 25 tables with modesty panels or 100 chairs in 10 working days from time of order (received by 12pm EST). Orders must be accompanied by final material and finish specifications for order entry. They must be clearly marked "Quickship" and consist of products from the program. Quickship orders cannot be changed or cancelled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.
base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found on pages 2-6 of the All Seating price list.

Shipping Schedule**Standard Items**

Tables + Benches	5 WEEKS
Stools	3 WEEKS
Seating	3-4 WEEKS
Quickship Products	10 WORKING DAYS

Contact Versteel Customer Service for special lead time requests.

NOTE ORDERS WITH COM UPHOLSTERY WILL BE SCHEDULED UPON RECEIPT OF COM UPHOLSTERY YARDAGE

BIFMA

All Versteel products are constructed to pass the relevant ANSI/BIFMA standards. For more detailed specifications by series and base style, contact Versteel Customer Service at 800.876.2120.

Additional information regarding warranty, terms and conditions, shipping, care and maintenance, etc. can be found on pages 2-6 of the All Seating price list.

Standard Versteel Upholstery

Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyls for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for information.

Grade-In Upholstery

Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. You will be supplied with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

Customer's Own Material

Customer's Own Materials (COM's) are not an issue on The Maker Project. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

Receiving COM Approval

Not all materials are suitable for upholstery on The Maker Project. A 12" x 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

Excess COM

Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledged ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

COM Requiring Application Test

If an application test is required for your selected COM, send test sample material along with the following.

1. Name and return address
2. Model selected
3. Sketch showing special requirements for the positioning of the materials' pattern on the seat and ledge, if special considerations are required.

NOTE ALL UPHOLSTERIES ARE CUT UP THE ROLL TO MAXIMIZE YIELD AND WEAR PERFORMANCE

Ship COM to:

Versteel
2332 Cathy Lane
Jasper, IN 47546

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

Application of Directional Fabrics

Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

EXAMPLE PATTERN CUT UP THE ROLL

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

Companion COM Yardage Requirements

COM yardage requirements are calculated for chairs and stools based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 20 chairs or stools, contact Versteel Customer Service for calculation of COM yardage by model.

Quantity of Units	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Patterned COM Additional Yardage Guide

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
50" - 52"	10%	20%	25%	30%	35%	40%	45%

Decorative Patterns

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

To Order, Specify...

- 1 Model Number
- 2 Wood Finish
- 3 Frame Color
- 4 Upholstery Selection

model number		finish selections			additional options				
<u>MKL-67S24</u>		/	<u>MCL2</u>	/	<u>PCRY</u>	/	<u>----</u>		
model number			wood finish		frame color		upholstery selection		additional options

A **MKL-67S24** is a The Maker Project series utility stool with a static seat, 24" seat height.

The codes **MCL2** / **PCRY** specify a Clear Matte wood finish with a Crystal frame color.

Model Number **MKL-67S24**

Metal Processing

Studio Steel® is Versteel's "urban fabrication" process which leaves the telltale signs of welding and assembly on the surface, highlighting a manufacturing aesthetic. Choosing a clear or transparent powder coat is recommended, allowing tonal striations (created as a result of extreme heat), natural textures, and the inherent qualities of raw steel to show through.

Powder Coat Finishes

All powder coat finishes in the Versteel offering have been formulated with the use of epoxy, polyester or epoxy and polyester blends to maximize the finish durability.

Transparent Powder Coats (indicated by ⬢)

Please note that the transparent characteristics of these powders allow all natural welds and textures inherent to raw steel to be visible.

Premium Powder Coats (indicated by ⬢)

Versteel's premium process uses specially formulated powder coats for a truly unique color palette.

Finish Reference & Samples

For finish color reference, please refer to our website. Contact Versteel Customer Service to receive actual color samples for color matches and final color approval.

Powder Coat Alternative**Call for quotation**

Specify code **OPA** (*Powder Coat Alternative*), add cost from Versteel quotation

Powder Coat Alternative is available from Versteel. The entire RAL color reference along with hundreds of other color and finishes are available.

For Powder Coat Alternative matching, you must supply a color reference sample, or an RAL number. Versteel will review the sample for possible existing colors available and send a sample for customer approval. If no color match exists a custom match can be developed. Call Versteel Customer Service for associated upcharges on custom color development.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES

Stain Finish Match**\$996 / one time charge per finish, per order**

Specify code **OSM** (*Stain Finish Match*), add \$996.00 list per finish, per order

Alternative Stain Finishes are available. For Stain Finish Matching you must supply two 4" x 4" finish color and grain reference samples. An expertly finish matched sample will be provided for customer approval.

NOTE CUSTOM COLOR MATCHING APPROVALS MAY AFFECT STANDARD PRODUCTION SCHEDULES
