VERSTEEL

**Entourage**

Create a complete conference area with cabinets, carts, wall boards and lecterns that coordinate with Versteel tables and seating. Available in a variety of sizes and configurations, the Entourage collection combines a powder coated steel frame for rigidity with laminate surfaces for durability or wood surfaces for warmth. Door construction allows for the insertion of 3form® panels. Many models and sizes are available with casters for mobility.

Cabinet Doors

Cabinet laminate doors are available with two different door options: all laminate doors or doors with a $\frac{5}{16}$ " Aluminum frame.

Pulls

Cabinets with doors are available with two different pull options. See pricing pages for styles and codes. Carts with doors will have a round knob pull.

Casters and Glides

The locking casters on the cabinets, carts and lecterns are grey two-tone soft wheel. An optional black caster is available, see page 186. Casters are not available on 48", 60" and 72" cabinets with floor doors or any 84" cabinets. Glides for the cabinets are adjustable and made of heavy duty steel.

Laminate and Veneer, Standard Core Construction

The standard top construction consists of 45-50 lb particleboard, surfaced with a high pressure laminate or plain sliced veneer face. A backer sheet is laminated to the underside of the top. Tops are shipped pre-drilled for field installation of bases and accessories.

PVC Flat or Fluted Edge

Edge of 2mm PVC hot melt banded to the top with 1/8" radius at the top and bottom. Available with 1 1/2" radius corners or square corners.

Offered in twenty-one (21) standard colors.
