VERSTEEL

Troupe Media Walls can be specified with either a rectangle or D-shaped top. Rectangle tops are 42" or 48" wide and 60" or 72" long. The D-shaped tops are 54" wide and 60" or 72" long. Tops are mounted to the 72" tall media wall and can be specified in 30", 36" or 42" table heights. The media wall is 5½" deep with a removable back panel which allows access to wires.

The media wall panels are black thermally fused laminate with deep linear lines that enhance the color with a coordinating PVC edge. All metal components of the media wall are Ebony powder coat.

Tops

The 1 ½" rectangle and D-shaped tops are available in laminate or veneer. Tops are mounted to the media wall and supported with two bases. For additional support a stretcher rail is included.

Stretcher Rails

Stretcher rails run diagonally from leg to leg and mount to the case. Rails are 2" tall with a distance of 10" from bottom rail to the floor. The fully welded stretcher rails are the same color as the legs.

Leg Accent

As an added feature all Troupe legs have a metal accent piece. This appealing design aesthetic allows the designer or specifier to specify one color for a monochromatic look or select two coordinating powder coat colors enhancing the design beauty of the table.

Apron

A 2" angle iron apron is mounted under the top for added stability. Apron is the same color as the accent pieces and will be mounted to all four sides of the table.

Grommets

A black grommet with a 2¼" inside dimension will be factory installed 3¾" below the underside of the table top and centered on the media wall. One additional grommet will be shipped with each media wall that can be field installed if desired. The additional grommet will require a 2½" cutout.

Power + Data

To complete your specification, power and data along with wire management options can be added to your table. Refer to the Power + Data Price List.
