

Rollic

THE
BEST
SHELVING
EVER

Turning simple geometry into endlessly adaptable fun.

Each Rollic ottoman and storage unit intuitively fits with the next, encouraging creativity and playful motion. The space-saving trapezoid shape allows layouts to flow naturally into curves, serpentine, or straight runs. Ottoman supports two people with high weight capacity. Storage unit has adjustable shelf and metal sides.

Part of the Rollic collection by Versteel. Designed exclusively for Versteel by Henner Jahns, Gecco Vision.
