Rai is a collection of stools designed for simplicity, durability, and care. Adapted for the unique considerations of healthcare facilities, its closed-loop oval leg creates a soft, continuous form that is easy to clean and maintain. A fully upholstered seat with a covered bottom, paired with full-profile end cap glides, eliminates exposed seams for a minimal aesthetic and improved infection control. Built with exceptional strength and reliability, Rai delivers affordable, trustworthy performance with an understated, artful aesthetic. Available in three heights and wide range of Versteel powder coat colors.
