# SPACES DEFINED

Focused, Collaborative + Relaxed Spaces

# Today's Learning Spaces

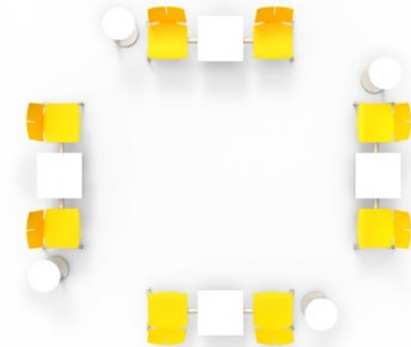

Today's educational spaces are tasked not only with fostering learning but also creating a sense of school pride. Versteel provides an extensive range of solutions which are functional and adaptive as they are beautiful. Let's explore Versteel's adaptable solutions that cater to diverse learning environments.

FOCUSED

# 02 FOCUSED

Spaces to focus, learn and accomplish the task at hand

# FOCUSED

---

CLASSROOM, OFFICE + MEETING

Some of the greatest breakthroughs come from a wandering mind. When you are stuck on a problem, taking time to disengage and rest often resets your focus. So take a break. Grab a coffee with a coworker. Pull up a table and enjoy the sounds of nature. Stimulate those ideas that are tickling in the back of your brain.

# ROLLIC SERIES

## ROLLIC

---

Rollic is a mobile furniture collection that empowers spaces to move freely, creating fluid environments where collaboration and focus flow naturally. Rolling tables, ottomans, storage, and partitions make it simple to shift as dynamic spaces evolve with the moment.

PRODUCT  
OVERVIEW

## THE MAKER PROJECT

The Maker Project Tables bring together utility, material honesty, and refined design. Built from American steel and engineered for durability, these robust work tables reveal the inherent beauty of steel in the making. Available in Utility, A-Frame, or adjustable height, this collection supports makerspaces and innovation labs across libraries, universities, and K-12 schools, including STEM and CTE learning environments, gathering areas, and dining spaces.

TROUPE

PRODUCT  
OVERVIEW

# TROUPE MEDIA WALL

---

Troupe Media Wall enhances interaction and connectivity within the Troupe family aesthetic. As a fully freestanding collaboration hub, it breaks away from the dependency of walls, adding flexibility to space planning by balancing division with a strong sense of community. Customizable technology solutions integrate into the design to support hybrid conferences, media presentations, learning applications and more.

CATWALK

PRODUCT  
OVERVIEW

# WAVELINK

---

Slide it together. Pull it apart. Move. Change. Arrange and rearrange. The Wavelink table system can shape any room. Power and data provide solutions for training and studying. Individual workstations are perfect for common areas or dining. Limitless possibilities. Effortless arrangements.

[VIEW MORE WAVELINK OFFERINGS ONLINE](#)

# TABLES

# ODIS

---

ODIS delivers impromptu versatility with style. The petite tables are scaled for adult (29"H) or youth (23"H) with veneer finish or painted tops in over 3500 Benjamin Moore colors. Adult sizes are available in 23" width and ADA compliant 32" width. Stack, stow, transport, link and add optional personal storage.

OVERVIEW

# TABLES

PRODUCT  
OVERVIEW

## DARBY

---

Embrace the ebb and flow of active environments with Darby. This petite, single-user table moves freely as purposes of dynamic spaces shift. Darby is sensibly designed with casters, book tray and retractable cup holder. The tide top is curved on the user side and can be adjusted to various heights, intuitively supporting ergonomics and wellness.

[VIEW MORE DARBY OFFERINGS ONLINE](#)

## SKY

---

The patented pneumatic assist on Sky allows for a smooth transition from sit to stand (29" to 42") or anywhere in between. Simply depress the paddle and gently guide the top to your desired height. Available in five base styles to seamlessly coordinate with the Versteel collection.

# TABLES

PRODUCT  
OVERVIEW

## ELIGA

---

Define your workspace with personality and style. Eliga's parallelogram-shaped legs create a mitered, sleek look for adjoining tables. Eliga offers a wide range of collaborative, corporate and education solutions with multiple base styles, seated and standing heights and varying functional options. See Sky series for coordinating adjustable height tables.

[VIEW MORE ELIGA OFFERINGS ONLINE](#)

## SKWARE

---

Skware, a no-nonsense table with practical solutions for every environment imaginable. The rectilinear bases are available in a variety of styles and provide a crisp, clean aesthetic. Built to last, Skware is engineered to Versteel's high standards of strength and durability.

[VIEW MORE SKWARE OFFERINGS ONLINE](#)

# TABLES

PRODUCT  
OVERVIEW

## PERFORMANCE

---

Performance has the style and durability to withstand high-use environments. Adjust, link, tilt, fold, roll or nest-whatever your space needs. Multi-purpose tables provide flexible solutions with various table heights, sizes and shapes. Power and data options add functional connectivity and can be discretely concealed with wire management inside the leg.

[VIEW MORE PERFORMANCE OFFERINGS ONLINE](#)

## TOD

---

A table born from design thinking, TOD tables are versatile and smart. Featuring a lightweight design with mobile and tilt-tilt capabilities, TOD tables can be configured and stowed as needed. Integrated wire management in the intentionally designed leg is standard.

[VIEW MORE TOD OFFERINGS ONLINE](#)

# TABLES

PRODUCT  
OVERVIEW

## DECI

---

Deci tables won't wobble, wiggle or waver when put to the test in demanding and diverse environments. Underneath the extremely slim profile and delicate appearance is a laser cut, solid steel plate which provides stability and balance. Adjustable glides are standard for leveling in uneven environments. Each Deci table lends itself to a wide range of uses, including collaboration, higher education, and dining.

[VIEW MORE DECI OFFERINGS ONLINE](#)

## TY

---

Make the Ty table your first and last choice when choosing a table. Built with the user in mind, Ty comes in both fixed and tilt-nest version, which allow for easy configuration to complete a room without a hassle.

[VIEW MORE TY OFFERINGS ONLINE](#)

## QUANTA MAX

---

Quanta Max adapts to the spontaneous needs of the always active and ever-changing work and learning environments. The flexible back moves with you, interacting with your motions to maximize comfort. Quanta Max chairs are stackable and portable, allowing you to make more efficient use of your space. Refine your design with various options for poly or ply chairs and stools.

[VIEW MORE QUANTA MAX OFFERINGS ONLINE](#)

## CHELA

---

Chela's Flex Motion ergonomic design allows it to move with the body for maximum comfort whether you're working or relaxing. Chela is built with design flexibility and elegant lines that make it equally at home in the classroom, boardroom and the breakroom.

[VIEW MORE CHELA OFFERINGS ONLINE](#)

## SATE

---

Sate has a beautiful, modern design with flex motion for support and satisfaction. This lightweight chair is easy to carry and stack yet remains strong and supportive. A variety of options are available for this broad seating collection of chairs and stools, including a high-quality poly or veneer shell.

[VIEW MORE SATE OFFERINGS ONLINE](#)

## SIMON

---

SIMON has a Flex Motion design with synchronized seat and back movement to deliver proven comfort and support. Adaptable to multi-use spaces, SIMON's gently curved frame allows it to be tightly nested in large quantities or stacked on the floor or a cart. Make SIMON work for you with various material combinations and specification options.

[VIEW MORE SIMON OFFERINGS ONLINE](#)

## COMPANION

---

Companion is stylish, versatile and stackable. Accommodate any seating application with selections of youth and adult, chairs and stools, arm and armless, and radius and flared backs. Customize with casters, armcaps and various material combinations for a personalized touch.

[VIEW MORE COMPANION OFFERINGS ONLINE](#)

## NERITA

---

Nerita withstands everyday use while maintaining its sophisticated appeal. Its concave profile naturally conforms to the user, providing uncompromising comfort. The single-piece poly shell is offered in arm or armless. Four base styles provide versatile options to suit a variety of purposes.

[VIEW MORE NERITA OFFERINGS ONLINE](#)

## WARRANTY & CARE

Versteel products adapted for use in outdoor Pavilion or Pop-Up settings are covered under a three year warranty from date of purchase against defects in materials and workmanship. Products must be used in covered areas away from direct sunlight and weather. Be sure to discuss your specific project needs with your sales representative.
